NAY PYI TAW, 17 May — Senior General Than Shwe, Chairman of the State Peace and Development Council of the Union of Myanmar, has sent a message of felicitations to His Majesty King Harald V of Norway, on the occasion of the National Day of Norway, which falls on 17 May 2008. — MNA

## Prime Minister visits relief camps in Ayeyawady Division

NAY PYI TAW, 16 May — Chairman of the National Disaster Preparedness Central Committee Prime Minister General Thein Sein, accompanied by members of NDPCC ministers, the Director-General of the Government Office and officials, arrived at Bogale, Ayeyawady Division by Tatmadaw helicopter this morning.

At the office of the Township Maternal and Child Welfare Association, the Prime Minister heard a report presented by Chairman of the Township Peace and Development Council U Soe Thein on setting up of relief camps for storm victims from wards and villages of the township, arrival and distribution of relief items donated by local and international organizations.

Next, Minister for Forestry Brig-Gen Thein Aung reported on arrangements made for storm victims and reconstruction work being carried out in storm-hit regions.

After that, Commander of No 66 LID Brig-Gen Maung Maung Aye reported on opening of relief camps in storm-hit regions.

In response to the reports, Prime Minister General Thein Sein stressed the need to fulfill the requirements of storm victims to the most possible degree and gave instructions on steps to be taken for relief camps.

On arrival at the Township People's Hospital, the Prime Minister greeted a team of doctors led by Deputy Director of Health Department Dr Than Win, a team of doctors and nurses led by Physician Dr Ko Ko, a team of doctors led by Township Medical Officer Dr Hla Hla Kyi and a team of technicians of UNICEF led by U Chit Ko Ko.

After that, the Prime Minister visited local people undergoing medical treatment at the Out-Patient Department and looked into arrangements for water supply to the hospital.

### Four political objectives

- \* Stability of the State, community peace and tranquillity, prevalence of law and order
- \* National reconsolidation
- \* Emergence of a new enduring State Constitution
- \* Building of a new modern developed nation in accord with the new State Constitution

### Four economic objectives

- \* Development of agriculture as the base and all-round development of other sectors of the economy as well
- \* Proper evolution of the market-oriented economic system
- \* Development of the economy inviting participation in terms of technical know-how and investments from sources inside the country and abroad
- \* The initiative to shape the national economy must be kept in the hands of the State and the national peoples

### Four social objectives

- \* Uplift of the morale and morality of the entire nation
- \* Uplift of national prestige and integrity and preservation and safeguarding of cultural heritage and national character
- \* Uplift of dynamism of patriotic spirit
- \* Uplift of health, fitness and education standards of the entire nation

**Emergence of the State Constitution is the duty of all citizens of Myanmar Naing-Ngan.**

## PERSPECTIVES

Saturday, 17 May, 2008

### Participate in reconstruction of hospitals and schools

Rehabilitation tasks for storm-hit regions are being carried out phase by phase by the people, social organizations and government bodies with the contributions of internal and international organizations.

Rehabilitation of towns and villages in storm-hit regions needs to be carried out with added momentum as rainy season is going to set in. At the same time, rehabilitation of the economic and production sectors of storm-hit regions also needs to be carried out.

Local authorities, entrepreneurs and the people are to actively participate in the resettlement of storm victims and reconstruction of ravaged residential houses and departmental establishments.

In that regard, priority is being given to reconstruction of hospitals and dispensaries so that they can provide health care services to storm victims. Likewise, renovation of schools in storm-hit townships are to be carried out soonest with the assistance of donor companies to be able to open the schools in time.

Steps are to be taken for better transport and restoration of communications and power while striving for reconstruction of ravaged houses and structures.

We firmly believe that with the assistance of donor companies reconstruction of hospitals, dispensaries and schools will soon be completed in a short period of time.

**World Telecommunication and Information Society Day  
17 May 2008**

**“Connecting Persons with Disabilities: ICT  
Opportunities for All”**

**Message from Hamadoun Toure  
Secretary-General**

**International Telecommunication Union**

The key to the information society is universal access. Everyone must have equal opportunity to participate in the digital age. And no one should be denied the potential benefits of new information and communication technologies (ICT), not least because they are hampered by their disabilities. As ICT bring a range of innovations in the workplace, at home and in every facet of our lives, these benefits must also be harnessed for the benefit of persons with disabilities.

This year, ITU has adopted the theme: “Connecting Persons with Disabilities: ICT Opportunities for All” to mark World Telecommunication and Information Society Day. The World Summit on the Information Society urged Member States to address the special requirements of persons with disabilities along with other marginalized and vulnerable groups in their national e-strategies. A further call was made to encourage design and production of ICT equipment and services adhering to the Universal Design Principle and the use of assistive technologies for research and development to facilitate accessibility to ICT for all, including persons with disabilities.

The last World Telecommunication Development Conference (WTDC-06) held in Doha, Qatar in 2006, created a new Special Initiative on “Access to telecommunication services for persons with disabilities”. The Doha Plan of Action endorsed the Tunis Commitment of building ICT capacity for all, including persons with disabilities, through the promotion of universal, ubiquitous, equitable and affordable access to ICT. It encouraged the adoption of universal design and assistive technologies to ensure that the benefits are evenly distributed within societies as well as to bridge the digital divide by creating digital opportunities to harness the full potential for development offered by state-of-the-art ICT.

During this year’s WTISD, ITU calls upon all stakeholders (policy makers and regulators as well as operators and industry) to raise awareness on the need to adopt policies and strategies that would meet the ICT needs of persons with disabilities by ensuring that both equipment and services are accessible. This would not only ensure an inclusive information society, but would also enable Member States to meet their obligations under Article 9 of the Convention on the Rights of Persons with Disabilities adopted by the United Nations General Assembly in December 2006.

Our focus this year on meeting the ICT needs of persons with disabilities is aimed at empowering every citizen with information and knowledge, improving the lines of communication to the remotest and most vulnerable groups, and building an inclusive information society geared towards the advancement of a better, more peaceful and productive world. It is clearly our duty today to provide the opportunities of ICT to all, especially to those of us with disabilities.

As we celebrate World Telecommunication and Information Society Day, we invite all stakeholders — manufacturers, service providers, international organizations, public and non-governmental organizations as well as policy makers — to join us in our endeavour to connect everyone, especially the 650 million or so people around the world who live with disabilities, to the remarkable digital opportunities offered by ICT.

**Suicide bomber kills 15 in Afghanistan**

KABUL, 15 May—A suicide bomber wearing a burqa killed 15 people and wounding 22 others when he blew himself up Thursday in a crowded market in western Afghanistan, a provincial official said.

Three policemen, including a district police chief, and 12 civilians were among the dead. The police tried to stop the bomber seconds before he exploded in the Dilaram district of Farah province, said the provincial official, Younus Rasoul.

*Internet*

**Barack Obama blasts President  
George Bush terror talk jibe**

WASHINGTON, 16 May —Barack Obama hurled himself into an angry confrontation with the President yesterday after Mr Bush compared the Democratic candidate’s promise of talks with rogue states like Iran to the “false comfort of appeasement” towards the Nazis in the 1930s.

“Some seem to believe that we should negotiate with the terrorists and radicals, as if some ingenious argument will persuade them they have been wrong all along,” Mr Bush told the Knesset in Israel. “We have heard this foolish delusion before. As Nazi tanks crossed into Poland

in 1939, an American senator declared: ‘Lord, if I could only have talked to Hitler, all this might have been avoided.’”

Even though the White House insisted that Mr Bush was not talking specifically about Mr Obama, the Democrat Senator issued a statement denouncing what he called a “false political attack”. He said: “The President’s extraordinary politicisation of foreign policy and the politics of fear do nothing to secure the American people or our stalwart ally, Israel.”

The speed and force of his reaction reflects how he is increasingly focused on a looming general election against the Republicans, having all but won his fight with Hillary Clinton for the Democratic nomination. But it was also a sign of some sensitivity in Mr Obama’s campaign to charges that he is inexperienced and naive on foreign policy, particularly among the influential Jewish and pro-Israel lobby.—*Internet*

**Chavez: Interpol report ‘ridiculous’**

CARACAS, 16 May — President Hugo Chavez on Thursday vehemently denounced Interpol’s conclusion that documents detailing links between Venezuela and Colombia’s leftist rebels came directly from rebel computers and weren’t tampered with by the Colombians.

“Do you think we should waste time here on something so ridiculous?” Chavez asked foreign journalists during a news conference.

Chavez said a “clown show” surrounded the announcement by Interpol’s secretary

general, Ronald Noble, that the agency found no evidence of tampering with the documents in computers that Colombia said it retrieved from a rebel camp in Ecuador. Noble also said Interpol is “absolutely certain that the computer exhibits that our experts examined came from a FARC terrorist camp.”

Chavez called Noble “a tremendous actor” and “an immoral police officer who applauds killers”—referring to Colombia’s 1 March military attack on the Ecuadorean base that killed rebel leader Raul Reyes and 24 others. Ecuador is right,” Chavez said. “The Colombian government should be tried in an international tribunal.”

Chavez likened the accusations of Venezuelan support for the rebels to a plot from a James Bond movie, and his strident condemnation of the Colombian government pointed to rising tensions that could have diplomatic consequences.—*Internet*

**100 dead in Nigeria oil pipeline fire**

LAGOS, 16 May — At least 100 people have been killed and scores injured when fuel from a pipeline ruptured by a bulldozer caught fire and exploded in a village, the

Red Cross said.

The fireball engulfed homes and schools at Ijegun village near Nigeria’s biggest city of Lagos.

Many of the dead, who included schoolchildren, were killed in the ensuing stampede as people fled in panic from the flames.

“About 100 people have so far been confirmed dead from the fire,” said a Red Cross official.

“We have so far rescued more than 20 people with injuries and taken them to hospital for treatment.”

The disaster was the latest in a series of pipeline explosions or blazes in the African country caused by damage or theft which have killed more than 1,200 people since 2000.

Nigeria is the world’s eighth largest oil exporter and Africa’s top producer.

The pipeline rupture at Ijegun, a village about 30 miles from the centre of the sprawling coastal city of Lagos, occurred during road-building work.

Up to 16 May, the cash and kind donations totalled K 7,550,215,875.

MNA

## Latest casualty figures

NAY PYI TAW, 16 May — Due to the storm that occurred on 2 and 3 May, there have been damage, casualties, those who went missing and injuries in some regions of Ayeyawady Division, Yangon Division, Bago Division, Mon State and Kayin State.

As soon as the storm had occurred, the National Disaster

Preparedness Central Committee started carrying out search and rescue and relief work extensively. At the same time it collected the death toll, the number of injured people and the list of damaged property.

However, due to difficulties that occurred after the storm, bad weather and extensive search in every storm-hit

region, the lists could be confirmed only on 15 May.

According to the latest figures, 77,738 people including 159 service personnel died, 55,917 including 58 service personnel went missing and 19,359 including four service personnel were injured, it is learnt.

# Prime Minister visits relief camps in Ayeyawady Division...

(from page 1)

Next, the Prime Minister and party asked after warded patients and gave necessary instructions to officials.

After viewing the operation theatre and laboratory, the Prime Minister inspected progress in reconstruction of the hospital.

Next, they proceeded to No 1 BEHS of Bagale where the relief camp is being opened and inspected arrangements made by Htoo Trading Co Ltd for supply of drinking water and the arrival of relief items.

Later, Prime Minister General Thein Sein and party cordially greeted storm victims and looked into repair of No 1 BEHS.

At 11 pm, they arrived at the relief camp in Sethsan Village, Bogale Township and looked into medical treatment performed by doctors and nurses to storm victims.

Next, the Prime Minister asked about health, living condition and availability of relief items of families of storm victims being accommodated in tents.

The Prime Minister said that no one can prevent the risk of disaster; the government provided storm victims with foods, accommodation and health care to the most possible degree in the aftermath of the severe storm, and presented foodstuff to children.

At 11.30 am, the Prime Minister and party left the relief camp and inspected the opening of relief camp in Kyeinchaung Village, setting up of tents donated by international organizations and transporting of relief supplies to the camp by vessel aboard the helicopter.

On arrival at Hlaingphone Village, Labutta Township, the Prime Minister and party cordially greeted storm victims being accommodated in tents.

Next, they inspected the serving of meals to storm victims by Shwe Than Lwin Co and rice and curry prepared.

After that, the Prime Minister presented CDMA-450 system tel-

ephones to officials to be used in communication services.

Film director Zinyaw Maung Maung and movie actor Yazar Nay Win who were taking part in relief task together with Shwe Thanlwin Co greeted the Prime Minister at the relief of Hlinephone Village.

At the local battalion in Mawlamyinegyun, the Prime Minister and party heard reports on reconstruction tasks being carried out in Mawlamyinegyun to turn into normalcy presented by the Minister for Progress of Border Areas and National Races and Development Affairs.

They inspected repairing of houses and schools in the town by car.

At the township hospital, the Prime Minister comforted patients and inspected the opening of the public call booth of Myanmar Posts and Telecommunications.

In Wakema, Chairman of the Township PDC U Hla Myint reported to the Prime Minister on opening of relief camps for the victims in Mawlamyinegyun, Bogale and Labutta townships. The Prime Minister attended to the needs.

At BEPS in Minpaing Ward, the Prime Minister and party consoled the storm victims. After that, they inspected the township hospital.

At Myaungmya Gunny Factory in Myaungmya, the Prime Minister met with the Chairman of Ayeyawady Division PDC Commander and officials and heard reports on matters related to the relief camps and gave instructions.

While in Myaungmya, they viewed providing of health care services to the victims at the clinic of the relief camp No 4 opened at BEHS No 4.

They also cordially greeted storm victims from Phoneyi Village-tract of Pyinsalu and presented relief goods to them.

In the evening, the Prime Minister and party left Myaungmya for Patheinyi by helicopter.

## Lt-Gen Myint Swe on inspection tour of relief camps in Dedaye, Kungyangon townships...

(from page 1)

Next, Lt-Gen Myint Swe and the ministers met chairmen of Village PDCs and instructed them to give priority to providing relief aid to the villages that are poor in transport and to take relief goods along with them when the chairmen went back to their villages.

At the relief camp in Ward 2 of Dedaye, they viewed generators, dispensary, video house, water

purifier, mess tent, kitchen, latrines and relief aid and comforted the victims.

At the relief camp in Kyondah Village of Dedaye Township, Lt-Gen Myint Swe and party inspected relief assistance for the victims and gave necessary instructions to officials.

They also inspected the relief aid for the victims at the relief camp in Lekkhokkon Village in

Kungyangon Township and cordially conversed with the victims.

At the camps in Dedaye and Kungyangon townships, the victims are being accommodated at the tents donated from abroad and provided with meals.

After presenting relief goods to the victims, Lt-Gen Myint Swe and the ministers arrived back here in the evening. — MNA

## Putin says Russia needs new oil, gas shipping fleet

ST PETERSBURG (Russia), 15 May—Prime Minister Vladimir Putin urged his government on Tuesday to give Russia a modern fleet of ships for its flourishing energy sector and named his close ally to manage the multi-billion-dollar project.

“The principal direction is the creation of a complete line of ships and equipment to extract and transport oil and gas from offshore deposits,” Putin

told a meeting of top officials in his home town of St Petersburg.

“This includes drilling platforms, ice-class gas carriers and icebreakers,” he added.

Putin quit as president last week after presiding over eight years of economic growth to head the government of his successor and ally Dmitry Medvedev. However, he is expected to maintain much of his real powers,

including a grip on economic policy.

The St Petersburg meeting, called to discuss the revival of national shipbuilding, became the first major event attended by top ministers of Putin's new Cabinet formed on Monday. “In the past 10 years only 6 per cent of ships ordered by Russian owners have been built at national docks,” Putin told the meeting.

## US welcomes Arab League statement on Lebanon

WASHINGTON, 15 May — US Secretary of State Condoleezza Rice said on Monday the United States welcomes the statement by the Arab League foreign ministers on the Lebanon situation.

“I think it was a good statement,” Rice said.

The statement showed the Arab League's rejection of the use of armed violence to achieve political goals outside the framework of constitutional legitimacy, and the

need for a withdrawal of all weapons from the streets, Rice said.

Arab League foreign ministers issued a statement after an emergency meeting in Cairo on Sunday and called on all Lebanese to cease fire and end acts of violence.

The Arab foreign ministers called on gunmen to withdraw from the streets to help Lebanon army maintain stability in the country, where sectarian fighting between

anti and pro-government supporters recently left at least 24 people dead and dozens of others injured.

Deadly clashes in Lebanon erupted Wednesday after the Lebanese Cabinet decided Tuesday to cease the private communication network of the leading opposition group of Hizbollah and remove airport security chief General Wafik Shqaiq for alleged links to Hizbollah.

## Residences evacuated as wildfires engulf partial Florida

WASHINGTON, 15 May — Parts of Florida were declared in a state of emergency on Monday as wildfires torched the area

and forced hundreds of residence to evacuate.

Firefighters were battling about a dozen separate brush fires in Brevard County, according to a report by the local 13 News Channel.

An area of approximately 1,214 hectares in Brevard county was burning in the fire, which also damaged at least two

houses and threatened 60 others, the report said.

The local arson investigation authorities told reporters that they suspected one person should be held accountable for the blaze, who as eyewitness said has dropped something in an open field and started the fire afterwards.

## Baghdad fighting kills six

BAGHDAD, 15 May—Clashes between security forces and Shi'ite gunmen killed six people and wounded 28 in Baghdad overnight, Iraqi police said on Wednesday.

The clashes put further strain on a weekend agreement to halt nearly two months of fighting in the capital.

Police said gunmen fought US and Iraqi forces in the east Baghdad stronghold of anti-American Shi'ite cleric Moqtada al-Sadr. Five people were killed and 22 wounded overnight, police said, without giving details on the casualties.

Fighting also erupted in western Baghdad's Shula District, another bastion of Sadr's Mehdi Army militia.

## Over 50 tourists die in S-W China earthquake

CHENGDU, 16 May — More than 50 tourists were confirmed dead on Thursday in Jiuzhaigou, a tourist attraction in southwest China's quake-hit Sichuan Province, local officials said. The victims included 35 people whose coach were buried by a landslide.

The two other people on the coach were badly injured, according to the emergency management office of Aba prefecture, Sichuan.

The office said as of 8 pm Wednesday more than 10,000 tourists were stranded in Aba, including about 2,900 in Jiuzhaigou and 7,058 in Songpan County.

Yang Changqing, secretary-general of Aba prefectural government, said 1,200 tourists were stranded in Maoxian County of Aba. There were no reports of deaths or injuries of foreign tourists.

The local government was evacuating the stranded tourists by road and air. —MNA/Xinhua

## Russia to send humanitarian aid for quake-hit China

Moscow, 15 May—Russia will send a plane with rescuers and humanitarian aid to China where a devastating earthquake has claimed more than 10,000 lives in the southwest region, Russian media reported on Tuesday.

“The Russian Emergencies Ministry is preparing a plane with rescuers and humanitarian aid for China,” *Interfax* news agency cited a spokesperson of the ministry as saying.

Russian President Dmitry Medvedev has sent a message of solace to Chinese President Hu Jintao over the disastrous earthquake and offered humanitarian aid.

The earthquake, with a magnitude of 7.8 on the Richter Scale, rocked southwest China Monday afternoon.

As of 2:00 pm on Tuesday (0600 GMT), the death toll from the earthquake had climbed to 11,921, according to the ad hoc headquarters of the disaster relief. Of the dead, 11,608 were in Sichuan.

## US soldier killed in Bomb attack in Baghdad

BAGHDAD, 15 May—An American soldier was killed by a roadside bomb explosion in Baghdad, the US military said on Wednesday.

The soldier was killed on Tuesday evening when the bomb struck his vehicle in northwestern Baghdad, a military statement

said, without specifying the exact location of the incident.

However, the area where the attack took place is a stronghold of Mahdi Army militia, loyal to Shiite cleric Muqtada al-Sadr, whose aides struck a deal on Saturday with the Iraqi Government to end weeks

of fighting in Baghdad between US-backed Iraqi security forces and Mahdi Army militia. The latest death brings the number of US troops killed in Iraq since the March 2003 invasion to more than 4,075, according to media count based on Pentagon figures.

MNA/Xinhua

## Czech Republic, US settle down jurisdiction issue

PRAGUE, 15 May—The Czech Republic will have sovereignty over the radar base area and it will exercise an ownership right to the radar station, the Czech Foreign Ministry said on Wednesday.

The Czech Republic will provide the defined territory to the Americans for free, the Czech news agency CTK quoted the ministry as saying.

The buildings and immovable objects the Americans build will become property of the Czech Republic. The Americans, on the other

hand, will exercise ownership rights to movable objects, including the radar alone. The treaty provides for a maximum of 250 US soldiers staying at the base during the supposed regular rotations. Other-wise, during a regular operation, the base will be manned by about 100 US soldiers and a couple of tens of US civilians.

The treaty which is subject of approval by Czech Parliament also deals with visits by state officials to the base, including foreign diplomats residing in the Czech Republic. If a person from

a third country asks the United States for approval of their visit to the base, such visit must first be approved by the Czech Republic. Visits by Czechs will be approved by the United States while Americans' visits will have to be approved by Czechs.

The Czech Republic and the United States do not reckon with observers from Russia or any other country permanently staying at the planned US radar base on Czech soil, Czech Deputy Defence Minister Martin Bartak said on Sunday.

## S Africa shines in 2008 World Travel Award winners

DURBAN (South Africa), 15 May—The 2008 World Travel Awards winners for Africa were announced on early Tuesday morning in South Africa with South Africa as the brightest star of the event.

Held in Durban, the eastern coastal city of South Africa, the ceremony unveiled a number of Africa's continental winners. Sixteen awards of the total 21 were presented to South African operators, with South Africa Airways

being awarded as Africa's leading airline and the country's Tambo International Airport selected as leading airport in Africa.

International Convention Centre in Durban was awarded as Africa's leading conference centre while Cape Town was regarded as Africa's leading destination. Of those non-South African operators, Egypt's Conrad Cairo was awarded as Africa's leading business hotel. And Morocco's Shamwari Game

Reserve was presented with Africa's leading conservation company.

The winners of the awards in Africa have been judged on a range of business dynamics, notably an understanding of visitors needs, outstanding business performance and product development. The World Travel Awards were launched in 1993 to acknowledge and recognize excellence in the world's travel and tourism industry.

## US buyers drive Christie's \$350m modern art

NEW YORK, 15 May—A Lucian Freud painting sold for 33.64 million US dollars at Christie's art auction on Tuesday, shattering the record for a piece by a living artist. The British painter's 1995 portrait of a nude woman sleeping on a sofa, "Benefits Supervisor Sleeping", sold for just under its high presale estimate of 35 million US dollars.

The previous record of 23.6 million US dollars was set last November for a Jeff Koons sculpture, "Hanging Heart". Contemporary art sold strongly, defying erratic financial markets at a 350-million-US-dollar auction marked by a surprising

preponderance of American buying. Records fell for seven other artists as well.

"It was stupendous," said Christie's contemporary and postwar art international co-head Amy Cappellazzo, noting it was Christie's second-best contemporary result. The sale's total was just above the midrange of its presale estimate.

## World tree planting drive sets goal of 7 billion

OSLO, 15 May — A campaign to plant trees worldwide set a goal on Tuesday of seven billion by late 2009, just over one for each person on the planet, to help protect the environment and slow climate change.

The UN Environment Programme (UNEP), an organizer of the tree planting drive begun in late 2006 with an initial goal of a billion by the end of 2007, said governments, companies and individuals had already pushed the total above two billion.

It set a target on Tuesday of an extra five billion plantings by the time a UN climate conference in Denmark starts on November 30 next year that is meant to agree a new long-term treaty to combat climate change beyond the UN's Kyoto Protocol. — MNA/Reuters

## Experts fear 20% of drugs sold in India are fake

NEW DELHI, 15 May—Experts in the Indian pharmacy industry fear that one in five drugs sold in the country are fake, according to the *Times of India* Wednesday.

Experts estimate that the lethal market is growing at 25 percent annually. In fact, the Organization for Economic Cooperation and Development's latest figures say 75 per cent of fake drugs supplied the world over have their origins in India.

A study has already identified 61 popular drug brands from nine therapeutic categories that will be tested.

They include anti-tuberculosis medications, anti-allergics, drugs to counter diabetes and cardiovascular diseases, anti-infective steroids, anti-malarials, NSAIDs, anti-histaminic and multi-

vitamin preparations. However, the Indian Health Ministry's estimates are more conservative. It said 5 per cent of drugs in India are counterfeit while 0.3 per cent are spurious.

A counterfeit medicine is one that has no active ingredient or is an expired drug which has been re-labelled and sold. It's slightly different from a fake drug, which may not resemble the original in any way.

Under Indian law, both counterfeit and fake drugs are described as spurious medicines.

Indian Health Secretary Naresh Dayal said, "The counterfeit drug market in India, which we believe is still not that large, has the potential to become extremely threatening. We need to know its actual size in order to combat it."

## Beijing reports first child death of HFMD

BEIJING, 15 May—Beijing's health authority on Wednesday confirmed the first child death of hand-foot-mouth disease (HFMD) in the capital.

Deng Xiaohong, spokeswoman of the Beijing Health Bureau, said the child, a 13-month-old boy from northern Changping District, had died on the way to a hospital last Sunday.

She said the child had tested positive for enterovirus 71 (EV71), a virus that causes the

majority of HFMD deaths in China.

The spokeswoman also confirmed that another child from north China's Hebei Province had died of HFMD in a Beijing hospital, but she did not reveal when the child died.

"Under the disease counting regulations of the Ministry of Health, the child from Hebei was not counted in Beijing's disease toll," said Deng.

Hebei Province, which neighbours Beijing, had not previously reported

any child death from HFMD.

Beijing counting of HFMD infection ran up to 3,606 as of May 12, up from 1,492 cases reported on May 4. The health bureau did not update the figure by Wednesday morning.

Deng said that Beijing's Chaoyang District has so far the city's largest number of infections, followed by southern Fengtai and northern Changping districts.

## Sharapova to take over to ranking from retired Henin

LONDON, 16 May — Maria Sharapova will take over as world number one next week after Justine Henin asked to be removed from the rankings following her retirement, the governing body of women's tennis (WTA) said on Thursday.

Henin stunned the sporting world when she announced her retirement with immediate effect on Wednesday, becoming the first woman to quit tennis while ranked number one.

The Belgian holds a commanding 1,709-point lead over Australian Open champion Sharapova in this week's rankings.

Despite retiring, the 25-year-old would have held on to the top spot for several more weeks had she not wanted her name omitted from the list.

The WTA said Henin was currently in her 117th non-consecutive week in the top spot.

## Grant says Premier League referees favour Man United

LONDON, 15 May — Chelsea manager Avram Grant has made a stinging attack on Premier League referees, saying they helped Manchester United win the title, British newspapers reported on Thursday.

Grant, who may risk the wrath of the Football Association over his remarks, added that he was glad the referee for the Champions League final against United in Moscow next Wednesday was not English.

"In England there are very good referees, but there are some, a few that you can influence, like you saw," Grant told reporters.

He was referring to United's last Premier League game of the season on Sunday, a 2-0 win at Wigan Athletic which clinched the title.

"I looked at the game. (The referee) was, as expected, good for one team," Grant said. —MNA/Reuters

## Litex beat Cherno More 1-0 to win Bulgarian Cup

SOFIA, 14 May(Reuters) — Litex Lovech won the Bulgarian Cup on Wednesday, beating Cherno More Varna 1-0 thanks to a second-half goal from Stanislav Manolev.

The Lovech-based club, who were beaten by Levski Sofia in last year's final, won the competition for the third time and for the first since 2004.

Manolev headed home in the 57th minute after Brazilian midfielder Tom curled in a tempting cross from the left. The match was played at the Vasil Levski national stadium in Sofia despite Cherno More's threat to boycott the game after the Professional Football League ignored their request to change the venue because of travelling distances. —MNA/Reuters

## Boca held at home, Adriano gives Sao Paulo narrow win

RIO DE JANEIRO, 15 May— Defending champions Boca Juniors were held 2-2 at home by Atlas in their Libertadores Cup quarter-final first leg on Wednesday while Adriano gave Sao Paulo a 1-0 win over Fluminense.

Jorge Torres's late header gave Mexico's Atlas a surprise draw in Buenos Aires and Adriano, on loan from Inter Milan, notched his fifth goal of the competition in the all-Brazilian tie in Sao Paulo.

"It was unjust," Boca playmaker Juan Roman Riquelme told reporters. "They'll be happy because they scored two goals which they didn't deserve. They didn't offer anything during the whole game."

Boca, staging the game at Velez Sarsfield because of a ban on their own Bombonera stadium following crowd trouble in the previous round, quickly fell behind against a team they also played in the group stage. —MNA/Reuters

## Hull book Wembley playoff date with Bristol City

LONDON, 15 May — Hull City routed Watford 4-1 in their Championship (second division) playoff on Wednesday to book a date in the Wembley final against Bristol City and the chance of playing in the Premier League next season.

Former England international Nick Barmby equalised for Hull, who won the first leg 2-0, just before halftime after they had gone behind to a Darius Henderson strike after 12 minutes.

Caleb Folan headed Hull in front in the 70th, Richard Garcia got their third in the 88th and Nathan Doyle's deflected shot made it four in injury time, giving Hull a 6-1 aggregate win. —MNA/Reuters

## Dutchman Jol to take over as Hamburg coach

HAMBURG (Germany), 15 May— Dutchman Martin Jol will take over as Hamburg SV coach next season and has signed a contract through June 2010, the Bundesliga club announced on Wednesday.

The 52-year-old was sacked as coach of Tottenham in October after the English side won just one of their opening 10 matches in the Premier League and slipped to third from bottom. Jol will replace compatriot Huub Stevens, who is stepping down at the end of the season and will take over at Dutch champions PSV Eindhoven.

## Partizan closer to title, Dinamo win Croatian cup

BELGRADE, 15 May— Serbian championship leaders Partizan Belgrade moved closer to their 20th league title on Wednesday after a 3-1 win at city rivals OFK left them three points clear with two games left.

In Croatia, champions Dinamo Zagreb completed the domestic double with a 3-0 aggregate cup final win over traditional rivals Hajduk Split following a goalless second leg. Partizan were under pressure after titleholders and closest rivals Red Star Belgrade won 2-1 at Banat Zrenjanin in the day's early kickoff thanks to a brace from Nenad Jestrovic.

The leaders had fallen behind to a second-minute opener from OFK defender Bojan Markoski but turned the match with first-half goals from Almani Moreira, Nenad Djordjevic and Lamine Diarra.

The result left OFK in a relegation playoff spot, with Banat facing a near impossible task to avoid the drop five points further adrift. —MNA/Reuters

## Dinamo Zagreb coach quits after winning double

SPLIT (Croatia), 15 May — Dinamo Zagreb coach Zvonimir Soldo stepped down immediately after the Croatian champions completed the domestic double with a 3-0 aggregate win over Hajduk Split in the cup final on Wednesday. "I told club director Zoran Mamic I could no longer carry on under the present circumstances," Soldo told a news conference after Dinamo held Hajduk to a 0-0 away draw in the second leg.

The local sportnet website (www.sportnet.hr) cited strained relations between the pair as the main reason for Soldo's resignation and tipped his predecessor Branko Ivankovic as the most likely candidate to take over.

### WEATHER

Weather Map of Myanmar and Neighbouring Areas

### Friday, 16 May, 2008

Summary of observations recorded at 9:30 hours MST:

During the past 24 hours, rain or thundershowers have been scattered in Kayah and Kayin States, fairly widespread in Shan State and Mandalay Division and widespread in the remaining States and Divisions with locally heavyfalls in Rakhine State and isolated heavyfalls in Sagaing, Mandalay and Taninthayi Divisions. Day temperatures were (3°C) to (4°C) below May average temperatures in lower Sagaing, Yangon and Taninthayi Divisions, (5°C) to (6°C) below May average temperatures in Rakhine and Kayah States, upper Sagaing, Ayeyawady and Mandalay Divisions, (7°C) to (8°C) below May average temperatures in Kachin State, Magway and Bago Divisions and about May average temperatures in the remaining States and Divisions. The noteworthy amounts of rainfall recorded were Nay Pyi Taw (0.20) inch, Gwa (6.61) inches, Kyaukphyu (6.33) inches, Kawthoung (5.04) inches, Thandwe (4.06) inches, Kalaywa (3.86) inches and Minkin (2.80) inches.

Maximum temperature on 15-5-2008 was 87°F. Minimum temperature on 16-5-2008 was 70°F. Relative humidity at (09:30) hours MST on 16-5-2008 was 80%. Total sunshine hours on 15-5-2008 was (1.2) hours approx.

Rainfall on 16-5-2008 was (0.04) inch at Mingaladon, (0.67) inch at Kaba-Aye and (0.32) inch at Central Yangon. Total rainfall since 1-1-2008 was (21.97) inches at Mingaladon, (25.63) inches at Kaba-Aye and (27.68) inches at Central Yangon. Maximum wind speed at Yangon (Kaba-Aye) was (6) mph from Southeast at (13:30) hours MST on 15-5-2008.

Bay inference: According to the observations at (09:30)

hrs MST today, a low pressure area over East Central Bay and adjoining Rakhine State still persists. Monsoon is vigorous in the Andaman Sea and South Bay and weather is partly cloudy to cloudy elsewhere in the Bay of Bengal.

**Forecast valid until evening of 17-5-2008:** Rain or thundershowers will be widespread in Rakhine and Mon States, Sagaing, Ayeyawady, Bago, Yangon and Taninthayi Divisions and scattered to fairly widespread in the remaining States and Divisions with likelihood of isolated heavyfalls in Rakhine State, Sagaing and Taninthayi Divisions. Degree of certainty is (80%).

**State of the sea:** Frequent squalls with rough seas are likely off and along Myanmar Coasts. Surface wind speed in squalls may reach (40) to (45) mph.

**Outlook for subsequent two days:** Continuation of strong monsoon in the Andaman and South Bay.

**Forecast for Nay Pyi Taw and neighbouring area for 17-5-2008:** One or two rain or thundershowers. Degree of certainty is (80%).

**Forecast for Yangon and neighbouring area for 17-5-2008:** Some rain or thundershowers. Degree of certainty is (80%).

**Forecast for Mandalay and neighbouring area for 17-5-2008:** One or two rain or thundershowers. Degree of certainty is (80%).

**Weather outlook for third weekend of May 2008:** During the coming weekend, likelihood of scattered rain or thundershowers in Nay Pyi Taw, Yangon and Mandalay Divisions.

## Maj-Gen Tha Aye attends cash donation ceremony for storm victims of Ayeyawady, Yangon Divisions

YANGON, 16 May—Maj-Gen Tha Aye of the Ministry of Defence accompanied by Chairman of Mon State Peace and Development Council Commander of South-East Command Maj-Gen Thet Naing Win, attended the ceremony to donate cash to storm victims of Ayeyawady and Yangon Divisions at Mon State Hall in Mawlamyine yesterday.

Markets and restaurants of Mawlamyine donated K 13 million, bus lines, banks and pharmaceutical companies K 10.5 million, roads and bridges and fuel sale centres K 10 million, rice merchants,

WVO, fishery entrepreneurs and free funeral services societies K 9.5 million, dams construction groups and industrialists K 7 million, Mawlamyine Township K 3.2 million, Chaungzon Township K 800,000, Kyaikmaraw Township K 400,000, Mudon Township K 2.6 million, Thanbyuzayat Township K 11.1 million, Ye Township K 900,000, Mon State Forest Department K 5 million and U Than Shein-Daw San San Win of Myat Thura Co K 2 million.

The donation totaled K 76 million

and goods worth K 85,560,000.

Next, Maj-Gen Tha Aye and party viewed loading of relief supplies onto trucks.

In Chanugzon, Maj-Gen Tha Aye met departmental personnel and local people at the hall of the township. Afterwards, he comforted patients at Chaungzon Township Hospital and presented cash assistance to them.

After inspecting the hospital, Maj-Gen Tha Aye attended to the needs of the officials. Later, he viewed development of the township.—MNA

## Diesel donated for relief and resettlement

YANGON, 16 May—PTT Public Company Limited, that is carrying out joint venture tasks with the Ministry of Energy, presented 480,000 litres of diesel on board MT Pentrader at the Oil Refinery

(Thanlyin) for the tasks of relief and resettlement in storm-hit areas this afternoon.

Minister for Energy Brig-Gen Lun Thi accepted diesel from Thai Ambassador Mr Bansarn Bunnag, on be-

half of the company.

The Thai Ambassador expressed sympathy for the storm victims and explained the purpose of the donations.

Next, the minister spoke words of thanks.

MNA

## Legal action for any relief aid embezzlement

### National Disaster Preparedness Central Committee releases announcement

NAY PYI TAW, 16 May—The National Disaster Preparedness Central Committee released an announcement yesterday.

The Announcement is as follows:—

1. Some areas in Myanmar were hit severely by the Cyclone 'Nargis'. Now the nation is accepting the relief supplies donated by internal and international donors with much gratitude.
2. The Emergency Supply Supervisory Committee consisting of departmental officials and non-governmental organizations is accepting and systematically keeping proper accounts the cash and relief aid donated by internal and international donors. Then, the Rehabilitation and Reconstruction Subcommittee consisting of departmental officials and non-governmental organizations is immediately delivering the items to the victims in the storm-hit areas.
3. Hence, wellwishers at home and abroad may contact the nearest Myanmar embassies, offices of the Military Attache, responsible persons of Natural Disaster Preparedness Subcommittees in the respective wards, townships, districts, states and divisions, other service agencies and official organizations and donate humanitarian aid.
4. Anyone may inform if he witnesses or knows that the cash assistance and relief supplies donated to the storm victims are kept for self-interest, traded, used for particular persons and organizations, or misappropriated for other purposes. We hereby announce that we have made all necessary arrangements to conduct investigation into the cases to expose the offenders and take punitive action against them in accordance with the law.

**National Disaster Preparedness Central Committee**

## Witness may inform about misappropriation of internal and international relief funds and supplies

NAY PYI TAW, 16 May—Anyone may inform the Head of Office (Ph: 067 404021, 067 404022) or Deputy Head of Office (Ph: 0986 01002) of the Ministry of Social Welfare, Relief and Resettlement if he witnesses or knows that the cash assistance and relief supplies donated from abroad and at home to the storm victims are kept for self-interest, traded, used for particular persons and organizations, or misappropriated for other purposes.—MNA
