# Strive for human resources development in all regions

During their tour of Kachin State, Chairman of the State Peace and Development Council Commander-in-Chief of Defence Services Senior General Than Shwe and members visited Bhamo Degree College, Government Computer College (Bhamo) and Government Technological College (Bhamo) and met with responsible personnel.

In his meeting with responsible officials, Head of State Senior General Than Shwe said that the whole Union would become modern and developed only with the development of all regions across it and that it was necessary to have more intellectuals and intelligentsia for the development of all sectors.

Now is the time when the government is trying to strengthen the national pillars of peace and stability, development, national unity and national economy. Therefore, it is implementing the national education promotion plan for the development of human resources and science and technologies that can contribute to that of the nation in the long run.

Human resources play the most important role in building a nation and, in the same way, development of human resources are the sine qua non for the development of the nation. For development of human resources that can spell sustained progress of the nation, the government is building education infrastructure in various regions, especially in the 24 special development regions where universities and colleges are being built to turn out the educated intellectuals.

In Kachin State, Myitkyina and Bhamo have been designated as development regions and measures are being taken for human resources development. Moreover, more colleges have been opened in Mohnyin which is one of the most populous regions in Kachin State.

It is the duty of teachers to systematically train their students in order that they will become highly educated people who can build the nation into a modern and developed democracy. Therefore, we would like to call on teachers to bear in mind the guidance given by the Head of State and strive for human resources development in all regions of the Union.

Yangon, 15 Dec — Accompanied by officials concerned, Deputy Minister for Energy Brig-Gen Than Htay went on an inspection tour of Rakhine Offshore region block A-1 this morning and attended the spud-in ceremony to start exploration of natural gas at well No Shwe Nilar-1.

Daewoo Company discovered the vast natural gas deposit from Exploration Well Shwe-1 to Shwe-8 at Block A-1 and managed to exploit natural gas on commercial scale.

On arrival at Galaxy Driller, Director (Exploration) of Daewoo E&P Myanmar Mr Heung-Bum Yi briefed the deputy minister on matters related to Exploration Well Shwe Nilar-1 and the deputy minister discussed exploration tasks with the director and officials, adding that officials concerned were to take measures for timely completion of exploration tasks as scheduled and to ensure worksite safety. The deputy minister presented souvenirs to the man-

ager and representative of MOGE.

Next, the deputy minister pressed the button of Galaxy Driller to set out the spud-in and viewed round Galaxy Driller. Arrangements have been made for exploration of natural gas at six wells by two Galaxy Drillers starting December 2005. Exploration Well Shwe Nilar-1 has favorable conditions to discover more natural gas.

## "MIG-21" crashes in N-E India, pilot safe

NEW DELHI. 14 Dec-A MIG-21 aircraft of the Indian Air Force (IAF) crashed in Assam in northeast India on Tuesday but the pilot managed to eject safely, Indian officials said.

An IAF spokesman said the aircraft crashed on the outskirts of Salonibari airbase near Tezpur Town, about 185 kilometres from the state's main city Guwahati

"The MIG-21 with a Squadron Leader in command was returning from a routine training mission when it lost control

and crashed," Indo-Asian News Service quoted IAF spokesman as saying.

The pilot ejected safely although the aircraft was completely damaged, the spokesman said.

The wreckage of the jet was located near a paddy field close to the airbase. "There were no civilian casualties or damage to any properties," he said

The IAF has ordered a court of inquiry to ascertain the cause of the crash.

The crashed MIG-21 was a Type 77 jet, which is in the process of being phased out from the IAF as it is nearing the end of its service life.

The report quoted what it said was a secret briefing document as concluding: "We have noted increased communication between protest groups using the Internet," but not a "significant connection" between incidents

Americans have been wary of any monitoring of anti-war activities since the Vietnam era when it was learned that the Pentagon spied on antiwar and civil rights groups and individuals. Congress held hearings in the 1970s and recommended strict limits on military spying inside the United States.

A Pentagon spokesman declined to comment on the NBC report about the database. However, he said: "The Department of Defence uses counterintelligence and law enforcement information properly collected by law enforcement agencies.

"The use of this information is subject to strict limitations, particularly the information must be related to missions relating to protection of DoD installations, interests and personnel," he added.

The Pentagon has already acknowledged the existence of counterintelligence programme known as the "Threat and Local Observation Notice" (TALON) reporting system. This system, the Pentagon said is designed to gather "non-validated threat information and security anomalies indicative of possible pre-attack terrorist activity". -MNA/Reuters

## If there arises disagreement between the Pyithu Hluttaw and the Amyotha Hluttaw concerning a bill, the bill shall be discussed and approved in the Pyidaungsu Hluttaw

YANGON, 15 Dec-The following is the presentation on clarifications of National Convention Convening Work Committee Chairman on adoption of detailed basic principles for legislation of Pyidaungsu Hluttaw to be included in judicial sector for formulating State Constitution by Member of the National Convention Convening Commission U Thein Sein at the plenary session held on 13 December at Nyaunghnapin Camp in Hmawby Township, Yangon

The main task of the parliaments is the legislation. Thus, I will explain the submission and approval of the bills at the Pyidaungsu Hluttaw.

A study of the practices of world nations shows that governments as well as individual MPs have the right to submit a bill. In some countries the organization assigned by the constitution also have the right to submit a bill.

I will present the matter concerning the submission of the bill by individual MPs in explaining the Pyithu Hluttaw and the Amyotha Hluttaw. In the Pvidaungsu Huttaw sector. I will explain the submission of the bill to the Pyidaungsu Hluttaw by organizations at Union level.

The section 86 of the 1947 Constitution stated, "As soon as possible after the presentation to this Chamber of Deputies under Chapter VII of the estimates of receipts and estimates of expenditure of the Union for any financial year, the Chamber shall consider the estimates. Save in so far as may be provided by specific enactment in each case, the legislation required to give effect to the financial resolutions of each year shall be enacted within that year. The Chamber of Deputies shall not pass any vote of resolution, and no law shall be enacted, for the appropriation of revenue or other public moneys, unless the purpose of the appropriation shall have been recommended for the Chamber by the

The section 125 of the Constitution also stated, "The Government shall prepare estimates of receipts and estimates of expenditure of the Union for each financial year, and shall present them to the Chamber of Deputies for consideration. The procedure to be adopted in the Chambers of Parliament with respect to the submission of estimates of expenditure, the appropriation of the revenues of the Union and all matters connected therewith shall, in so far as provision is not made in that behalf by this Constitution, be regulated in accordance with law."

The rules to the procedures of the Chamber of Deputies formed a chapter "Financial Procedures" in accord with the section 125. The chapter stated in detail the matters including the budget, additional budget, expenditure demand.

In addition to the bill concerning the financial sector, rule 97 (1) under the heading "Submission of the Bill" of the chapter 16 of the rules to the procedure stated that as soon as the government sent the letter to submit a bill to the Secretary, the ministry concerned should announce it in the gazette. The Rule 98 also said that the responsible MP could submit the request to present the bill to the parliament after five days from the day the announcement appeared in the gazette. The heading "Bill Submission" of the Chamber of Nationalities had similar prescriptions.

Concerning the organizations that have the right to present bills, the Article 89 of the 1974 Constitution stated, "The Council of Ministers shall be solely responsible for the submission of the bills on economic plan, bills on budget and bills on taxation to the Pvithu Hluttaw through the Council of State for enactment into law: The para (b) of the Article 204 stated, "The Council of Ministers shall have the right to submit to the Pvithu Hluttaw draft legislation on matters mentioned in the Article 89 as well as other matters. The para (a) also stated, "Members of the Pyithu Hluttaw, the Council of State, the Council of People's Justices the Council of People's Attorneys and the Council of People's Inspectors shall have the right to submit to the Pvithu Hluttaw draft legislation on matters other than those mentioned in Article 89.

In laying down detailed basic principles for the new constitution, concerning the submission of bills, the Union level organizations including the Union cabinet and Union High Court, formed according to the new constitution, should have the right to present bills for their administration in accord with the principles. The detailed basic principle concerning the Financial Commission headed by the President has already been laid down to present the budget bill and bill on additional budget to the Pyidaungsu Hluttaw, to give financial advice and to enact a law to set up a firm monetary system.

Bill on annual budget and bill on taxation, the Union government has drawn with the support and advice of the Financial Commission as the base, concern the Union's financial sector. Moreover, they need swift decision. Thus, a detailed basic principle should be laid down to discuss and decide the bills at the Pyidaungsu Hluttaw.

If the Union government presents long-term and short-term plans concerning the entire nation, making of a decision for the plans requires consideration for the whole Union, Moreover, the financial allotment for them must be drawn from the Union budget. The plans that concern the entire nation should be discussed and decided at the Pyidaungsu Hluttaw. A law should be enacted to draw and present national plans, the Union budget, and the bill on taxation.

Concerning the right of the Union level organizations to submit bills, the delegates should discuss whether the following detailed basic principle should

- (a) Of the matters included in the Union legislative list, the Union level organizations formed under the Constitution, shall have the right to submit bills on matters under their management, to the Pyidaungsu Hluttaw in accord with the prescribed pro-
- (b) Bills on national plans, annual budgets and taxation, which are to be submitted exclusively by the Union government shall be presented to the Pyidaungsu Hluttaw in accordance with the prescribed provisions for decision.

Now I will deal with the presentation of other bills. I have already explained that the detailed basic principles "The Pyidaungsu Hluttaw shall have the right to make laws for the whole or any part of the Union concerning the matters stated in the Union Legislative List. If a bill is approved by the Pyithu Hluttaw and the Amyotha Hluttaw, it should be regarded as a bill approved by the Pyidaungsu Hluttaw" should be laid

I would like to suggest that of the bills to be submitted by the Union level organizations formed according to the constitution, other bills, except from the bills that are designated to discuss and approve exclusively at the Pyidaungsu Hluttaw, should be discussed and approved at the Pyithu Hluttaw and the Amyotha Hluttaw

In the majority of nations which have two chambers the task of presenting and approving a bill is carried out at the two chambers. The Pvithu Hluttaw and the Amyotha Hluttaw should also have the same rights. Thus, law and rules and regulations should be prescribed.

The detailed basic principles "The okkahta (speaker) and deputy okkahta (deputy speaker) of

Amyotha (National) Hluttaw shall serve also as the navaka (speaker) and deputy navaka (deputy speaker) of Pyidaungsu (Union) Hluttaw from the day the tenure of office the Pyithu (People's) Hluttaw commences up to the end of 30 months. The okkahta (speaker) and deputy okkahta (deputy speaker) of Pyithu (People's) Hluttaw shall serve also as nayaka (speaker) and deputy nayaka (deputy speaker) of Pvidaungsu (Union) Hluttaw for the remaining tenure of office" have already been laid down.

The person serving as the Speaker of the Pyidaungsu Hluttaw after weighing up the discussions and functions in session at the Pvithu Hluttaw and the Amyotha Hluttaw should present the bills submitted by the Union level organizations formed according to the constitution to the Pyithu Hluttaw and the Amyotha

Concerning the matter, the delegates should discuss whether the detailed basic principle "Except the bills that are prescribed by the Constitution to be initiated exclusively in the Pyidaungsu Hluttaw, the bills initiated by the Union level organizations formed under the Constitution, in the Pvidaungsu Hluttaw shall be discussed initially at the Pyithu Hluttaw or the Amyotha Hluttaw according to the prescribed provisions.

Now I will explain the procedures to study in detail in connection with the bills that should be approved exclusively at the Pyidaungsu Hluttaw, before they are being discussed at the hluttaw session if there arises the requirement to do so.

I have already given a suggestion to lay down the detailed basic principle "Bills on national plans, annual budgets and taxation, which can be submitted exclusively by the Union government shall be presented to the Pyidaungsu Hluttaw." An organization such as Bill Committee may be required if the bills prescribed by the constitution to be discussed exclusively at the Pyidaungsu Hluttaw need thorough scrutinization before they are being discussed at the meeting

In laying down the detailed basic principles concerning the Pyidaungsu Hluttaw, the Pyithu Hluttaw and the Amyotha Hluttaw of the legislative sector, a detailed basic principle saying that the Pyidaungsu Hluttaw constitutes the Pyithu Hluttaw and the Amyotha Hluttaw; and that bill committees shall be formed at the Pyithu Hluttaw and the Amyotha Hluttaw. Thus the Pyidaungsu Hluttaw should have the power to authorize the bill committees of the Pvithu Hluttaw and the Amyotha Hluttaw forming as a joint committee to cooperate each other in scrutinizing the bill that needs to do so before being discussed at the Pyidaungsu Hluttaw, and to present the bill together with the committee's comments. And the means to present the bill together with the joint committee's comments should be promulgated in Pyidaungsu Hluttaw law.

(See page 7)

### If there arises disagreement between the People's Hluttaw...

(from page 6)

Hence concerning the matter, the delegates should discuss whether the following detailed basic principle should be laid down:

"If a need arises to scrutinize the bills, that are to be discussed and approved exclusively at the Pyidaungsu Hluttaw, they are to be scrutinized jointly by the bill committee of the Pyithu Hluttaw and the bill committee of the Amyotha Hluttaw, and the bills together with the findings and comments of the joint committee can be submitted to the Pvidaungsu Hluttaw in accordance with prescribed provisions."

The Pyithu Hluttaw and the Amyotha Hluttaw may reach an agreement or may disagree in approving a bill. The section 109 of the 1947 Constitution stated. "If one Chamber passes any other Bill, and the other Chamber rejects or fails to pass it, or passes it with amendments to which the Chamber where the Bill originated will not agree, the President shall convene a joint sitting of the two Chambers. The members present at the joint sitting may deliberate and shall vote together upon the Bill as last passed by the Chamber where the Bill originated and upon amendments, if any, which have been made therein by the other Chamber, and if the Bill with the amendments, if any is passed by a majority of the total number of members of both Chambers present and voting, it shall be deemed to have been passed by both Chambers."

There may be different opinions between the People's Hluttaw and the Amyotha Hluttaw concerning a bill. If there is disagreement between the two hluttaws, the bill should be presented to the Pyidaungsu Hluttaw for approval. As the matter needs the Pyidaungsu Huttaw's approval, it should be presented to the Pyidaungsu Hluttaw meeting if it is in session or to the nearest hluttaw meeting if the Pyidaungsu Hluttaw is not in session. If the bill concerns the public interest and earliest approval, a special or an emergency meeting should be called to approve it.

Concerning the matter, the delegates should discuss whether the detailed basic principle "If there arises disagreement between the People's Hluttaw and the Amyotha Hluttaw concerning a bill, the bill shall be discussed and approved in the Pyidaungsu

I will now explain the matter concerning the presentation of a bill to the President for signature to be able to promulgate it as a law.

The Work Committee after studying the constitutions of the world nations came to know the time limit for enactment of a bill into law, the power of the Head of State to send back the bill to the legislative Hluttaw if he presumes that the legislative Hluttaw should review it, and a provision saying that if the Bill is neither signed by the President nor sent back to legislative hluttaw within the fixed time, a bill shall be become an Act in like manner as if he had signed it on the last day of the fixed time.

The sub sections 2 and 3 of the section 111 of the

1947 Constitution stated, "Save as otherwise provided by this Constitution, every Bill so presented to the President shall be signed by him not later than seven days after the date of presentation. If the Bill is not signed by the President within seven days after the date of presentation, the same shall become an Act in like manner as if he had signed it on the last of the said seven days."

Bills issued by the Pyidaungsu Hluttaw, and the bills that are approved in like manner as if the Pyidaungsu Huttaw had approved them after being approved by the Pyithu Hluttaw and the Amyotha Hluttaw should be signed by the President to enact them into laws. In my view, the President needs an appropriate length of time to make a decision concerning the matter. A study of constitutions of other nations shows that the time limit for the matter is from 10 days to 30 days depending on the situation of the country concerned. As for Myanmar, 14 days may be appropri-

The President has the power to send back the bill to the Pvidaungsu Hluttaw together with his opinion and remarks within the limited time. Moreover, if the bill is not signed by the President within the permitted time the same shall become an Act in like manner as if he had signed it. Only then will there be mutual control between the President's executive power and the Pyidaungsu Hluttaw's legislative power.

Hence, concerning the matter, delegations should suggest whether the following detailed basic principles should be laid down:

- "(a) Within 14 days after the date the President receives the bills sent to him by the Pyidaungsu Hluttaw after approving them and the bills in like manner as if the Pvidaungsu Hluttaw have approved them.  $he\,shall\,sign\,the\,bills\,and\,shall\,promulgate$ them into law."
- "(b) The President shall send a bill back to the Pvidaungsu Hluttaw together with his comments within the fixed time to sign and promulgate it into an Act.
- "(c) Although the President does not send a bill back to the Pyidaungsu Hluttaw together with his comments within the fixed time, if the Bill is not signed by the President within 14 days after the date of presentation, the same shall become an Act in like manner as if he had signed it on the last of the said 14 days.'

Now I will explain the Pyidaungsu Hluttaw's part of functions when the President sent back a bill together with his comments. The bill can be the one approved by the Pyidaungsu Hluttaw or the one which as if approved by the Pyidaungsu Hluttaw as it has already been approved by the Pyithu Hluttaw and the Amyotha Hluttaw. If it is a Pyidaungsu Hluttawapproved bill, the comments of the President will be discussed at the Pyidaungsu Hluttaw. But if the bill is approved by the Pyithu Hluttaw and the Amvotha Hluttaw, the comments can be discussed separately at the two hluttaws. But there can be a delay in approving the bill as it will be discussed at the Pyidaungsu Huttaw

if there arises any disagreement between the two subordinate hluttaws concerning the matter. Time can be saved if the President's comments on the bill that have already been discussed at the two hluttaws are approved at the Pvidaungsu Hluttaw. Arrangements will have to be made to submit the bills sent back by the President to the Pyidaungsu Hluttaw meeting in session, or at the nearest Pyidaungsu Hluttaw meeting if it is not in session, or at a special meeting or emergency meeting of the Pyidaungsu Hluttaw if the matter needs prompt action for public interest.

When the Work Committee studied the constitutions of other nations, it found that the head of state has the power to send back the entire bill prepared by the legislative chamber or some facts contained in the bill to the chamber concerned together with his opinion and remarks, and the chamber concerned also has the power to consider whether it should accept the opinion and remarks after studying them. The Pyidaungsu Hluttaw also should have the power to do so.

If the hluttaw concerned decided to amend the bill after agreeing to the President's comments, it will have to present the bill so amended in accord with the President's comments to the President to sign and enact the bill as an Act. If the hluttaw concerned does not agree to the President's comments and approved the original bill, the hluttaw should submit the bill to the President together with its approval for signature and promulgation of the bill as an Act

As the President has already studied the bill since it was first submitted to him, he should sign and enact it into an Act in a short time. In my view, it will be appropriate if the time frame for the matter is fixed at seven days. A basic principle saying that if the Bill is not signed by the President within the limited time, the same shall become an Act in like manner as if he had signed it on the last date of the said time limit should be stated in the constitution.

Concerning the above mentioned matters, the delegates should consider whether the following paras should be laid down as basic principles:

- (a) If the President sends back the bill to the Pvidaungsu Hluttaw together with his comments within the fixed time, the Pvidaungsu Hluttaw after studying the President's comments can accept his comments or can decide to amend the bill, or shall make a decision to approve the bill in its original state if it does not agree the President's comments.
- (b) The President shall sign the bill and enact it into an Act on the last of the said seven days if the bill so amended according to his comments or his comments are not accepted and the bill approved in its original state is sent back to him with the Pyidaungsu Hluttaw's decision.
- (c) If the bill sent back to the President by the Pyidaungsu Hluttaw is not signed by the President within the fixed time, the same shall become an Act in like manner as if he had signed it on the last date of the said time

In his guidance, Senior General Than Shwe said the government is trying to possess efficient human resources in building a developed nation. He said it is found that the countries that possess human resources development are in the fore front. If a country wants to develop and prosper, it must build human resources development. He spoke of the need to transform old system of building human resources based on some major cities. This is why the system

He said arrangements are thus made for learning of higher education in a region like Mohnyin. By doing so, educated persons can be produced in the region. The government has reformed the system of building human resource development and the universities and colleges can nurture and produce well-qualified human resources that serve the interest of the State and the regions. The teaching methods are to be modernized in conformity and provide facilities and teaching aids as much as possible. Arrangements are made to upgrade degree colleges and colleges to universities and technical institutes to colleges step by step.

As the government provides necessary assistance, both teachers and students are to enhance their qualifications, Senior General Than Shwe said.

Whatever social system the nation practises, there needs to bring about fundamental factors - community peace and tranquillity, prevalence of law and order, economic development and human resource development. Without these factors, however fine system the nation exercises, it cannot expect any progress in the pragmatic world. Only with the development of

### NZ terms of trade fall further

Wellington 14 Dec-New Zealand merchandise terms of trade fell 0.6 per cent in the September 2005 quarter, following a decrease of 1.2 per cent in the previous quarter, Statistics New Zealand said Monday.

Its figures showed that merchandise import prices rose 2.5 per cent while export prices rose 1.9 per cent, and the strong growth in merchandise export prices in the current quarter limited the fall in the latest terms of trade.

Merchandise export prices continued upward in the September 2005 quarter, following rises of 0.5 per cent and 0.2 per cent in the June 2005 and March 2005 quarters, respectively.

The most significant contributor to this quarter's rise was a 3.0-percent increase in food and beverage prices, driven by higher prices for dairy products (up 4.0 per cent) and meat (up 2.6 per cent). MNA/Xinhua

## Microsoft warns of "critical" Windows security flaw

San Francisco, 14 Dec — Microsoft Corp on Tuesday warned users of its Windows operating system of a "critical" security flaw in its software that could allow attackers to take complete control of a computer.

The world's largest software maker issued a patch to fix the problem as part of its monthly security bulletin. The problem mainly affects the Windows operating system and Microsoft's Internet Explorer Web browser. Computer security experts and Microsoft urged users to download and install the patch available at www.microsoft.com/

security.

Microsoft said the vulnerability exists in its Internet Explorer Web browser, which an attacker could exploit to take over a PC by running software code after luring users to malicious Web pages.

Microsoft also issued one other security warning itrated at its second-highest level of "important".

A vulnerability defined as "important" is

one where an outsider could break into a machine and gain access to confidential data but not replicate itself to other computers, Microsoft said.

Microsoft defines a flaw as "critical" when the vulnerability could allow a damaging Internet worm to replicate without the user doing anything to the

The "critical" flaw affects Internet Explorer which is a part of Windows while the "important" flaw is a vulnerability in the fundamental code that the higher level functions of Windows are all based on.

For more than three vears. Microsoft has been working to improve the security and reliability of its software as more and more malicious software targets weaknesses in Windows and other Microsoft software

### Healthy diet, regular exercise prevent children from diabetes

Beijing, 14 Dec—A healthy diet and regular exercise can help prevent children from getting diabetes, the director of the Beijing diabetes prevention office said here on Tuesday.

Yang Jinkui was speaking at a public awareness programme on diabetes prevention sponsored by NovoNordisk China group, Beijing's diabetes prevention office and Beijing No1 Normal School.

Type two diabetes is usually found among the elderly, but nowadays many young people are contracting the disease because of unhealthy lifestyles, Yang said.

Although diabetes can be inherited, unhealthy lifestyle and obesity are also important factors for children contracting the disease and they need to be encouraged to eat right and do exercise more.

With improving living standards many children prefer sweet food, fried food and fast food, Yang said. Today's children also watch too much television or spend too time playing electronic games, thus causing them to put on extra pounds, Yang added.

### **Beijing launches Olympic Supplier Programme**

Beijing, 14 Dec — Beijing Olympic organizers on Monday launched their Supplier Programme, the third tier of the 2008 Olympics Sponsorship Programme.

The Supplier Proof "exclusive suppliers" and "suppliers", according to the Organizing Beijing Committee for the 2008 Olympic Games (BOCOG).

Exclusive suppliers will enjoy exclusive corresponding marketing rights and benefits in their own fields, while suppliers have to share the rights with other suppliers in the same fields. "It is the first time suppliers can share rights in the same field," said Yuan Bin, director of BOCOG's marketing department.

Yuan named ticketing service, office equipment, stationery, furniture, sports facilities, candy, wine and tyre as the fields and categories that potential Olympic suppliers come from.

The Marketing gramme includes selections | Programme of the 2008 Olympics consists of three tiers: partners, sponsors and suppliers. Up till now, 10 partners have been signed up, namely Bank of China, China Network Sinonec CNPC, China Mobile, Volkswagen, Adidas, Johnson & Johnson, Air China and PICC P&C. The seven contracted sponsors are UPS, Haier, Sohu, Yili Dairy Group Tsingtao Beer Yanjing Beer and BHP Billiton. BOCOG's marketing campaign has been so successful that the International Olympic Committee (IOC) predicts that Beijing 2008 is likely to break the record set in Los Angeles in 1984 for the most profitable Games in history.

#### Land Rover Motor to recall 104 Discovery 3 from China market

Beijing, 14 Dec — Land Rover Motor Co will recall 104 Discovery 3 from the China market because of defective gasoline tank, said sources with the carmaker's China branch.

Land Rover has delivered a report to the Chinese General Administration of Quality Supervision, Inspection and Ouarantine on the recall.

The recall will begin on 16 December, affecting a total of 104 imported Discovery 3 cross-country cars produced between 1 July, 2004 and 30 April, 2005, the company said.

Land Rover said the car may work improperly when starting the engine due to a defective ventilate pipe in the gasoline tank. The company will change gasoline tank for all recalled cars free of charge. - MNA/Xinhua

## Peru's "Little Mermaid" in good condition after surgery

Lima, 14 Dec — Peru's "Little Mermaid," a baby girl who was born with her legs joined together, is making good progress after being operated six months ago, her doctors said on Tuesday.

The 19-month-old | born in April 2004 in the Milagros Cerron, who had a rare congenital defect known as sirenomelia, or "mermaid syndrome," was presented to the news media on Tuesday six months after undergoing two operations to part her knees and thighs.

Dressed in tiny ieans and a white vest, Milagros, whose names means miracles in Spanish, played vivaciously. giggling and blowing kisses to photographers.

Milagros, who was

Andean town of Huancayo, captured the interest of the world for her successful operation.

"Milagros' condition is stable, but she'll need continued treatment and surgery for the next 10 to 15 years," said Dr Luis Rubio, who has cared for Milagros since her birth.Rubio said he was pleased with the progress Milagros had made, but cautioned that she still needed operations before she could lead a normal

Her genital reconstruction, for instance, will probably wait until adolescence, Rubio said.

Milagros has been attempting to stand up, but is unable to maintain stability because she has no sockets for her hip bones, said Rubio.

The lack of sockets is one of the biggest challenges for the doctors, who hope their operations could help the girl stand up one day, Rubio said.

#### **Bolton into UEFA Cup final 32** after drawing with Sevilla for Real

London, 15 Dec—Bolton reached the last 32 of the UEFA Cup when they drew 1-1 at home to Spanish side Sevilla.

Sam Allardyce's side took the lead after the break when substitute Bruno N'Gotty blasted in from six yards at the 65th minute.

But Sevilla drew level when Adriano raced through and coolly finished past goakeeper Ian Walker.

Luis Fabiano saw a stunning half-volley rebound off the post for the visitors while El-Hadji Diouf and Radhi Jaidi both went close for Bolton

The Spaniards looked neat and tidy from the start but Bolton, playing Diouf, Kevin Davies and Hidetoshi Nakata in a three-pronged attack, had their chances in a lively opening spell.

Sevilla, already assured of their place in the knockout stage, were on level terms with ten minutes when substitute Adriano got on the end of a pacy attack and finished neatly across Walker.

Adriano then saw another effort go wide after a mistake by Nicky Hunt and Bolton could have won it when Ricardo Vaz Te exchanged passes with Nakata but was thwarted by keeper Antonio Notario.

## Nepal to hold international elephant race competition

Kathmandu, 15 Dece— An international elephant race competition will be held in central Nepal on December 26, Radio Nepal reported Wednesday.

The competition will be held at Sauraha, the entry point to the Royal Chitawan National Park in Chitawan District, some 200 kilometres west of Kathmandu, the state-owned radio said.

Foreign tourists will also take part in the two-day competition organized by the Regional Hotel Association Nepal, it said.

The competition has been organized with the objective of attracting domestic and foreign tourists to the park enlisted in the World Heritage List.

Chitawan is the third important tourist destination in Nepal with religious and historical sites like the Devghat, Bikrambaba, Valmiki Ashram, Tharu Cultural Museum, Natural History Museum, the Bishajari Lake and the like.

Every year some 120,000 foreign and domestic tourists visit Chitawan.

Sauraha, Chitawan also plays host to the annual International Elephant Polo Competition, the radio added

## **Manchester United rout Wigan 4-0**

LONDON, 15 Dec - Wayne Rooney scored twice as Manchester United eased the pressure on their manager Alex Ferguson with an overwhelming 4-0 win over Wigan at the Old Trafford on Wednesday.

his first-ever goal for the club on the half hour from Ryan Giggs' accurate corner. Rooney doubled the lead with a low shot, then he hit the bar before making it 3-0 with a delicate chip over Wigan keeper Mike Pollitt. Ruud van Nistelrooy scored a penalty on 70 minutes to send Wigan crashing to their fifth successive league defeat.

The win put United second in the table, nine points behind Chelsea, and made it five wins in six Premiership matches for Ferguson.

Pollitt's brilliance seemed to be making the

Rio Ferdinand headed | home fans nervous - but they were soon put at ease with a goal from the unlikeliest of sources just before the half-hour.

> Ferdinand's first goal for United came in his 140th appearance, and it was a simple one as he rose to head in Giggs' cor-

Wigan's keeper was still kept busy as he came out quickly to save from Rooney after the striker was set up by Giggs.

But Rooney was soon on the scoresheet with some style.

The England international appeared to have lost control when he slipped inside the area, allowing Matt Jackson to make a challenge.

But he quickly regained his footing - and the ball - before stepping inside Leighton Baines and rifling a low left-foot shot into the net.

Wigan's chances were limited, although Alan Mahon forced an excellent diving save from Edwin van der Sar with a low drive.

### Roma beat Basel 3-1 to progress in UEFA Cup

ROME, 15 Dec - AS Roma booked their place in the last 32 of the UEFA Cup with a 3-1 victory over Basel at Rome's Olympic Stadium in their final Group E match on Wednesday.

Roma had to beat the Swiss team to guarantee their progress into the knockout stages and took the lead in the 12th minute when Rodrigo Taddei volleyed past keeper Pascal Zuberbuehler.

Basel twice went close to equalizing in the first half when Gianluca Curci tipped Ivan Ergic's header on to the crossbar and then Matias Delgado curled a shot against the post from outside the area.

The match remained evenly-balanced until just before halftime when Simone Perrotta pumped a long ball over the top of Basel's static defence for Francesco Totti to go through one-on-one against Zuberbuehler and extend the home side's lead.

Basel's defence was caught out by an almost identical move four minutes after the restart, allowing Shabani Nonda a clear run on goal to grab Roma's

Striker Mladen Petric's goal for the visitors arrived too late to really threaten Roma, though Basel also progressed into the knockout phase of the competition. MNA/Reuters

## Perez seeks right coach

Madrid, 15 Dec - Real Madrid president Florentino Perez has said a right coach for the Spanish club need know how to make the talented individuals in his squad play together.

'The person who coaches Real Madrid needs to be disciplined, rigorous and professional," said Perez in an interview with Telemadrid on Monday.

"Coaching a collection of talented players isn't easy as they have a lot of personality and it is an art to make them play together," he added.

As many as five coaches have come and go since Vicente del Bosque was discarded two and a half years ago. The latest coach is former reserve team coach Juan Ramon Lopez Caro who took charge on a caretaker basis last week following the sacking of former Brazilian Vanderlei Luxemburgo. The club will discuss Lopez Caro's future at the end of the year.

Perez said that there are not many coaches who could manage such a collection of talented players as Real Madrid. "I will continue looking for a suitable coach until I find one," he said.-MNA/Xinhua

## **Boca beat Olimpo to win** Argentine championship

Buenes Aires, 15 Dec - Boca Juniors came from behind to beat mid-table Olimpo 2-1 away on Wednesday and win the Argentine Apertura Championship.

Boca, coached by former Argentina trainer Alfio Basile, finished three points ahead of Gimnasia-La Plata, who were held to a 1-1 draw at Banfield.

Gimnasia, who have never won the title, led the race before last weekend but were overtaken when they drew 0-0 with Newell's Old Boys and Boca beat Independiente on Sunday.

Boca, who claim to be Argentina's most popular club, took a one-point lead to Bahia Blanca but were stunned in the seventh minute when striker Ismael Blanco fired Olimpo in front from just inside the

Boca replied within two minutes when defender Christian Diaz outjumped the Olimpo defence at the near post to head the equalizer from a corner.

Federico Insua, who has been an inspiration throughout the championship, put Boca ahead in the 41st minute when he scored direct from a free kick which wrong-footed former international goalkeeper Carlos Roa.

The halftime interval lasted nearly half an hour as police tried to persuade Boca fans to climb down from the fences around the pitch.

## **Betel quid chewing increases** pharyngeal cancer risk

New York, 15 Dec — Betel quid chewing is a strong independent risk factor for pharyngeal cancer (cancer of the back of the throat), but not laryngeal cancer (cancer of the voice box), according to findings published in the International Journal of Cancer.

Chewing betel quid, association was observed which consists of betel leaf from the Piper betel vine, is popular in many parts of Asia. Betel quid is chewed for its stimulant effects, to satisfy hunger and as a social and cultural practice.

"The risks of betel quid chewing with or without tobacco, alcohol drinking and cigarette smoking have been well explored in the oral cavity but not in the pharynx and larynx," Dr Ying-Chin Ko, of National Health Research Institutes, Taiwan, and colleagues write.

The investigators therefore examined 148 men with pharyngeal cancer, 128 men with larvngeal cancer, and 255 men without either cancer who served as "controls."

Betel quid chewing was significantly and independently associated with the risk of pharyngeal cancer, increasing the risk by nearly eight-fold. However, no significant

between betel quid chewing and laryngeal

Those who consumed more than 20 quid a day or swallowed the betel quid juice had an even high risk - the investigators observed a synergistic

effect of these risk factors for both pharvngeal and laryngeal cancer.

The quantity of exposure and the direct contact of the carcinogen to the mucus membrane appear to enhance the carcinogenic process, Ko and colleagues suggest.

"Further studies to explore the associations between betel quid chewing and cancers of other sites of the digestive tract, for example, the esophagus and stomach, and the effects on other systems of humans are necessary.'
