

**Four political objectives**

- \* Stability of the State, community peace and tranquillity, prevalence of law and order
- \* National reconsolidation
- \* Emergence of a new enduring State Constitution
- \* Building of a new modern developed nation in accord with the new State Constitution

**Four economic objectives**

- \* Development of agriculture as the base and all-round development of other sectors of the economy as well
- \* Proper evolution of the market-oriented economic system
- \* Development of the economy inviting participation in terms of technical know-how and investments from sources inside the country and abroad
- \* The initiative to shape the national economy must be kept in the hands of the State and the national peoples

**Four social objectives**

- \* Uplift of the morale and morality of the entire nation
- \* Uplift of national prestige and integrity and preservation and safeguarding of cultural heritage and national character
- \* Uplift of dynamism of patriotic spirit
- \* Uplift of health, fitness and education standards of the entire nation

**Senior General Than Shwe  
felicitates Hungarian President**

NAY PYI TAW, 20 Aug— Senior General Than Shwe, Chairman of the State Peace and Development Council of the Union of Myanmar, has sent a message of felicitations to His Excellency Mr Laszlo Solyom, President of the Republic of Hungary on the occasion of the National Day of the Republic of Hungary which falls on 20 August 2007. — MNA

**True patriotism**

- \* It is very important for everyone of the nation regardless of the place he lives to have strong Union Spirit.
- \* Only Union Spirit is the true patriotism all the nationalities will have to safeguard.

**Lt-Gen Kyaw Win on inspection tour  
of Kyaukme District**

NAY PYI TAW, 19 Aug — Member of the State Peace and Development Council Lt-Gen Kyaw Win of the Ministry of Defence, accompanied by officials of the SPDC office and officials concerned, inspected 25-acre Hsinshweli special high-yield sugarcane plantation of U Nyi Khin in

Shwenyaungbin Village of Nawngkhio Township of Shan State (North) on 17 August.

During the inspection of Hsinshweli special high-yield sugarcane plantation, Lt-Gen Kyaw Win heard reports on measures undertaken for thriving the 25-acre sugarcane plantation presented by farm

In-charge U Win Shein, and Chairman of Shan State (North) PDC Commander of North-East Command Maj-Gen Aung Than Htut gave a supplementary report.

After hearing the reports, Lt-Gen Kyaw Win gave instructions on utilization of quality strains in growing the

sugarcane and cultivation methods and use of fertilizer and attended to the needs.

Nawngkhio Township has set the target to grow 9,976 acres of sugarcane in 2007.

Now one-acre of sugarcane can produce over 50 tons. (See page 8)

**Kyaukme Township will extend cultivation of oil crops in 2007-2008 and has already cultivated 3,977 acres of monsoon groundnut against the target of 4,102 acres, 252 acres of monsoon sesame against the target of 440 acres and 122 acres of monsoon sunflower against the target of 120 acres.**

## Extend cultivation of marketable beans and pulses

Beans and pulses are marketable crops and they are grown in various parts of Myanmar.

The major beans and pulses are gram, butter bean, pedisein, matpe, soybean, pigeon pea, myehtaukpe, pelun and sultani and sultapya. They can be grown easily at a low cost and are profitable.

Now, Myanmar is a leading nation of ASEAN in production of beans and pulses and it is also a top beans and pulses exporting country.

Export of beans and pulses increased in 2006-2007 cultivation season as over 9.8 million acres were put under the crops.

The government extended cultivation acreage in 2007-2008 and distributed quality strains to growers and made endeavours for applying of correct cultivation methods for the increase of per acre yield.

Quality beans and pulses are to be produced to meet growing demand. Therefore, strenuous efforts are to be made for boosting production of marketable and profitable beans and pulses in cooperation with agriculturalists and growers.

## Peoples' Desire

- \* Oppose those relying on external elements, acting as stooges, holding negative views
- \* Oppose those trying to jeopardize stability of the State and progress of the nation
- \* Oppose foreign nations interfering in internal affairs of the State
- \* Crush all internal and external destructive elements as the common enemy

## Commander, minister meet rice dealers and rice millers in Ayeyawady Div

NAY PYI TAW, 19 Aug — Chairman of Ayeyawady Division Peace and Development Council Commander of South-West Command Maj-Gen Thura Myint Aung and Minister for Agriculture and Irrigation Maj-Gen Htay Oo together with departmental officials met with township rice dealers' and rice millers' associations in Maubin, Hinthada, Pathein, Myaungmya and Pyapon districts at the office of Ayeyawady Division PDC in Pathein on 8 August.

In his address, the commander called for boosting agricultural produce meeting the set standard. The minister stressed the need to extend cultivation of marketable crops.

After hearing reports on rice and paddy mar-

**Poll shows most Americans do not trust Iraq Sept report**

WASHINGTON, 18 Aug — A majority of Americans do not trust the upcoming report by top US commander in Iraq on the progress of the war, according to a new poll released on Friday.

US President George W Bush has frequently asked Congress and the American people to withhold judgment on his so-called “troop surge” in Iraq until David Petraeus, the top commander in

Iraq, and Ryan Crocker, US Ambassador to Iraq, issue their progress report in September.

But according to a CNN/Opinion Research Corp poll released on Friday, 53 per cent of people polled said they suspect that the military assessment of the situation will try to make it sound better than it actually is.

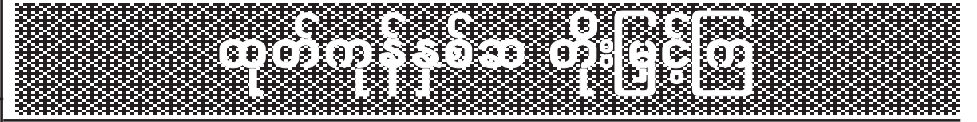

The poll also indicates that most of America’s mind is made up about the

war—72 per cent said the report will have no effect on their view of the war.

The survey was based on interviews of 1,029 Americans by telephone between 6 and 8 August.

Commenting on the poll, White House spokesman Tony Snow said on Friday that he hoped that “people do not try to engage in personal attacks on General Petraeus or Ambassador Crocker”.

**Nine-year-old prodigy applies for university in Hong Kong**

HONG KONG, 18 Aug — A nine-year-old child prodigy recently applying to study mathematics at universities in Hong Kong has obviously been a challenge.

The Baptist University of Hong Kong said Thursday it had received part of March Boedihardjo’s British A-level exam results and that it would make an elaborate decision upon receiving all the required documents.

March Boedihardjo, an Indonesian-Chinese born and raised in Hong Kong, applied to several universities and was awaiting the results of his A-Level exam and Advanced Extension Awards results.

March had studied for

two years at a special school in England while his brother was taking a course at Oxford, *The Standard* newspaper reported.

Baptist University vice-president Fan Yiu-kwan said Wednesday he was confident that the university had the

resources to cope with a child prodigy, but declined to give a clear-cut answer on whether the university would accept the boy.

If admitted, March would become the youngest university student in Hong Kong.

**Three US soldiers die in Iraq**

BAGHDAD, 18 Aug — Three US soldiers died in the Iraqi capital, including two died of non-battle related causes, the US military said on Friday.

A soldier died of wounds sustained from “enemy gunfire” in Baghdad province on Thursday, a military statement said.

Another soldier was slightly wounded in the attack and had return to duty, it added.

A second soldier died in the day of non-battle related incident in Baghdad and an investigation was launched into his death, another statement said.

Earlier, the military said that a third soldier died due to another non-battle related incident in the capital on Thursday. The names of the soldiers are being withheld pending notification of next of kin, the statements added.

## Firefighters die in blaze by ground zero

NEW YORK, 19 Aug — A seven-alarm fire ripped through an abandoned skyscraper next to ground zero in Lower Manhattan Saturday, killing two firefighters who were responding to the blaze.

Officers at the scene were preventing nearby residents from returning to their homes, telling them that authorities were concerned the former Deutsche Bank office building, vacant since the 2001 terrorist attacks turned it into a toxic nightmare, could fall. Mayor Michael Bloomberg said that fear turned out to be unfounded.

The plume of gray smoke that trailed above the site of the World Trade Centre raised concerns

that toxic substances in the building could be spreading.

Bloomberg sought to reassure residents that the chemicals in the building likely did not present a significant health risk, saying air-quality tests so far showed no danger.

“Having said that, we are extremely careful. We

don’t want to prejudice anything,” the mayor added. Tests were to continue overnight, he said.

One of the firefighters killed was identified as Joseph Graffagnino, 34, of Brooklyn. He was a member of Ladder 5, which lost 11 members on 11 September, 2001.

## Castro attacks US in Guantanamo Navy base article

HAVANA, 18 Aug — Cuban leader Fidel Castro hit out at the US Thursday in the second of his series of articles titled “The Empire And The Independent Island”.

In the article, Castro, who turned 81 Monday, wrote about Guantanamo, the infamous US Navy base in Cuba, and its connection to the 1901 Platt Amendment to Cuba’s Constitution, which during the early 20th Century essentially made Cuba a US protectorate by giving the United States the right to intervene in the island’s affairs.

In 1902, the US Government, which had occupied Cuba in the 1898 Spanish-American War, told the government of the newly-independent island

that it wanted to establish four bases at Cienfuegos, Bahia Honda, Guantanamo and Nipe.

In response, the Cuban authorities asked for a final Permanent Treaty of Relations and the United States reduced its demand to two bases: Guantanamo

and Bahia Honda.

The two countries signed a treaty in 1903, recognizing Cuba’s sovereignty over these areas and agreeing to the equivalent of 2,000 pesos in gold, paid in dollars as rent.

## Five Afghan civilians killed, three injured in conflict

KABUL, 17 Aug — Five Afghan civilians were killed and three others injured during a clash between Taliban militants and the NATO-led International Security Assistance Force (ISAF) on Thursday, an ISAF statement said.

An ISAF unit was hit by a roadside bombing and came under fire from

Taliban militants, the statement said, adding ISAF soldiers fought back.

“In the ensuing fire fight, five locals were killed and three others injured,” the statement said.

It did not clearly say who caused the civilian casualties in the conflict.

ISAF personnel are on scene with Afghan authorities investigating the incident and the events that led up to it, according to the statement. About 37,000 ISAF soldiers are being deployed in Afghanistan to hunt down militants and keep security.

### Passengers of Chinese airlines jump 16.7% in 1st half

BEIJING, 18 Aug — Passengers carried by Chinese airlines rose 16.7 percent over the same period last year to 86.7 million in the first half of 2007, the civil aviation regulator said here Saturday. Among the total, domestic passengers increased by 16.2 percent to 78.8 million while international passengers reached 7.9 million, up 21.8 percent, according to the General Administration of Civil Aviation of China (CAAC).

Cargo traffic carried by Chinese airlines rose 15.3 percent to 1.83 million tons with domestic cargo growing by 11.3 percent to 1.32 million tons and that for international routes of 508,000 tons, up 27.2 percent.

During the period, revenues generated by China's civil aviation sector rose 18.3 percent to 121.8 billion yuan while the sector also turned profitable in the first half with net profit reaching 4.62 billion yuan, up 4.97

billion yuan from the same period last year.

Combined revenue generated by the country's airlines hit 85.96 billion yuan, up 19 percent, while the net profit of the airlines reached 1.54 billion yuan, up 3.93 billion yuan from the corresponding period last year, the CAAC said.

Registered airplanes in the civil aviation sector in China totalled 1,054 at the end of June, an increase of 56 over six months ago, the CAAC said.

### Texan oilman pleads guilty in oil-for-food case

NEW YORK, 18 Aug — Texas oilman David Chalmers and two companies he owns pleaded guilty on Friday to paying millions of dollars in secret kickbacks to Iraq in connection with the United Nations oil-for-food programme.

Chalmers, 53, pleaded guilty in Manhattan federal court to one count of conspiracy to commit wire fraud, just weeks before he was due to go on trial with Texas oil tycoon Oscar Wyatt.

Earlier on Friday, Ludmil Dionissiev, a Bulgarian oil trader based in Houston, pleaded guilty to smuggling. Prosecutors said Dionissiev, 61, worked with Chalmers to buy Iraqi oil for Chalmers' companies — Bayoil USA Inc and Bayoil Supply and Trading Ltd.

The 67-billion-US-dollar oil-for-food programme began in 1996 and ended in 2003 to ease the impact of sanctions imposed on Saddam Hussein's government after it invaded Kuwait in 1990. The charges against Chalmers and his co-defendants stemmed from Iraq's requirement from

2000 to 2003 that recipients of oil should pay a secret surcharge, in violation of UN sanctions and US law, to front companies and bank accounts controlled by the Iraqi Government.

The secret payments were not made to the United Nations' monitored bank account from

which humanitarian goods could be purchased for the Iraqi people, but in a secret deal with Baghdad outside of the programme.

Chalmers, who was the sole shareholder of Bayoil, decided to pay illegal kickbacks, prosecutors said, while Dionissiev helped facilitate the export of Iraqi oil. — MNA/Reuters

### Malaysia's first deepwater oil field starts production

KUALA LUMPUR, 18 Aug — Malaysia's first deepwater oil field started to produce oil on Friday, the country's national oil company Petronas announced.

The Kikeh oil field, about 210 kilometres from Kota Kinabalu, capital of Malaysia's eastern state of Sabah, is expected to turn out an average of 20,000 barrels per day (bpd) at the initial stage, Petronas said in a Press release.

The production of the field, which extracts oil through a water depth about 1,300 metres, will reach its peak of averaged 120,000 bpd by end of 2008, it added.

"The field's complex deepwater development project marks a major milestone for Petronas and its production sharing contractors, Murphy Oil Corporation and Petronas Carigali Sdn Bad," Petronas said.

### Ecuador, Uruguay sign trade, energy agreements

QUITO, 18 Aug — The presidents of Ecuador and Uruguay signed on Thursday a wide range of bilateral agreements covering energy, trade, agriculture, tourism and other fields.

Uruguayan President Tabare Vazquez, whose country now holds the six-month rotating presidency of the Southern Common Market (MERCOSUR), began a two-day official visit to Quito on

Wednesday night.

He is expected to restate an invitation for Ecuador to join the trade bloc, that also includes Brazil, Argentina and Paraguay.

Vazquez and his Ecuadorean counterpart Rafael Correa held a closed-door meeting in the President's Office before signing the agreements aimed to boost political and trade ties between the two countries.

*A boat is hit by a wave as Hurricane Dean hit Fort-de-France in the French Caribbean island of Martinique on 17 Aug, 2007. Caribbean islands and resorts in the path of Hurricane Dean began to batten down on Saturday as the massive storm plowed toward Haiti, Jamaica, the Caymans and the tourist-laden coast of Mexico's Yucatan peninsula.— INTERNET*

## Hurricane "Dean" strengthens to deadly category 4

MIAMI, 18 Aug — Hurricane Dean grew into a ferocious storm with winds over 135 miles per hour (216 kilometres per hour) on Friday after it smashed into the Caribbean islands, leveling banana plantations and setting off landslides before heading toward the oil and gas rigs of the Gulf of Mexico.

The US National Hurricane Centre said Dean was a Category 4 storm, the second-highest level on the five-step Saffir-Simpson scale and capable of widespread destruction.

It was expected to strengthen further before plowing directly over Jamaica toward the Gulf, home to a third of US domestic crude oil and 15 per cent of natural gas production.

Dean roared through the narrow channel between the Lesser Antilles islands of St. Lucia and Martinique early Friday, crossing from the Atlantic Ocean to the warm Caribbean Sea.

Its progress was being nervously watched by energy markets, which have been skittish about

hurricanes since powerful storms in 2004 and 2005, including Ivan, Katrina and Rita, disrupted oil and gas production. Transocean, Royal Dutch Shell, Murphy Oil and other companies pulled dozens of workers from offshore rigs.

Dean, the first hurricane of what is expected to be an above-average Atlantic season, lifted the roof off the pediatric wing at Victoria Hospital in St Lucia's capital, Castries, but patients had already been moved, officials said.

MNA/Reuters

## WHO chief warns of worldwide public health crisis

BUENOS AIRES, 18 Aug—The World Health Organization (WHO) warned Thursday that only a deep change in public policy can reverse a crisis in the world's health systems. "Problems like poverty, ignorance, unhealthy environments and a lack of human resources are fundamental factors in this crisis. It is all nations' responsibility to avoid it," WHO Director-General Margaret Chan told a conference in the Argentine capital of Buenos Aires.

Speaking at the International Health Conference, Chan said "We cannot allow millions of people worldwide to die

and keep on dying from treatable diseases."

Chan, who is visiting the region for the first time, said one of the first steps needed to tackle this acute crisis is for decision makers to keep the promises they have made in this field.

While there are some reasons for optimism, the Millennium Development Goals signed in 2000 will clearly not be met by 2015, the official said. It is important to tackle the current changes caused by globalization and urbanization and new diseases coming into being each year, she added.

Another major

problem is that a global labour market allows health professionals from poorer regions to leave their origin countries where they were trained.

Organizations both in the public and private sectors are part of the change process and need to work together, she added.

MNA/Xinhua

## US citizen found guilty on terrorism charges

WASHINGTON, 18 Aug — US citizen Jose Padilla was found guilty of conspiracy to support terrorism overseas Thursday after being detained for several years as an "enemy combatant" without charges.

The verdict came after less than two days of deliberations by a federal jury in Miami, Florida. Sentencing is set for 5 December. Padilla's two codefendants, Adham Hassoun and Kifan

Jayyousi, were also convicted on the three counts as charged: conspiracy to murder, kidnap, and maim people in a foreign country; conspiracy to provide material support for terrorists, and providing material support for terrorists. All three defendants face life in prison.

Padilla, born in New York and converted to Islam, pleaded not guilty and plans to appeal the verdict. He was originally

arrested on accusations that he planned to set off radioactive "dirty bombs" in the United States.

However, Thursday's convictions are not related to those accusations, and prosecutors did not present the "dirty bomb" plot to the jury.

US legal experts said the verdict is a "critical vindication" for the US Department of Justice and its post-9/11 strategy for prosecuting terrorism cases.— MNA/Xinhua

*A helicopter carrying aid for earthquake victims is seen after it crashed on a building in Ica on 17 Aug, 2007. A rescue helicopter fully loaded with food and medicine fell down in quake-hit southern Peru, slightly injuring seven people on board.— XINHUA*

## Peru receives \$40m in int'l aid for quake relief

LIMA, 18 Aug — Peru has received international humanitarian aid worth some 40 million US dollars after Wednesday's tragic earthquake hit the country, an official from the Peruvian International Cooperation Agency (APCI) said on Friday.

The aid package includes five million dollars in cash and humanitarian assistance such as food and tents, plus 30 million dollars offered by the United Nations, to be used for the reconstruction of the most-affected regions, according to APCI's

director Agustin Haya de la Torre.

A powerful earthquake measuring 7.9 on the Richter Scale struck Peru's southern coast Wednesday evening, leaving at least 510 people dead, 1,600 injured and 16,600 families homeless. Peru has received emergency aid from the European Union (EU), China, Chile, Spain, Argentina and Ecuador.

According to reports reaching here, the EU on Friday agreed to send a European aid mission to support local officials evaluate the losses and coordinate the aid.

China's Red Cross donated 50,000 dollars to help quake victims in the southern Peruvian cities of Ica, Pisco and Chincha. And Chile sent 20 tons of humanitarian aid to Peru on Friday.

## Turkish plane hijacking ends as hostages freed

ANTALYA (Turkey), 19 Aug—Two men hijacked an airliner heading for Istanbul from northern Cyprus on Saturday, but gave themselves up and released their hostages after forcing the plane to land in southern Turkey.

Soon after landing most of the 136 passengers were released or broke out through emergency exits, running along the wings and jumping down onto the tarmac.

The pilots also escaped but four passengers and two crew members were held hostage as negotiations

took place.

Turkish Interior Minister Osman Gunes said one hijacker was Turkish and the other had a Syrian passport but could be Palestinian. Their motives were being investigated.

“One of them apparently apologized to the Turkish people,” Gunes told reporters after the five-hour drama came to an end.

Fifteen minutes after take-off one of the hijackers tried to force the cockpit door open and told passengers he was a member of al-

Qaeda, Governor Alaaddin Yuksel said. Police also arrested a passenger suspected of being linked to the hijackers, he said.

Turkish Cypriot passenger Ercan Tekkan told *Reuters* the hijackers said they had a bomb, but did not want to hurt anyone.

“The plane made some manoeuvres and we thought the plane was going to crash ... Then the plane landed and the pilots escaped from the cockpit while the hijackers kept kicking the cockpit door,” he said.

Some passengers fainted from a lack of oxygen, as the air system was switched off after landing, he said.

Civil Aviation chief Ali Ariduru told reporters there was no clear information on claims the hijackers had a bomb, but it appeared they had a knife.

MNA/Reuters

Two hijackers surrendered to Turkish security forces at Antalya Airport in southern Turkey on Saturday and no problem occurred in this incident.

## Images show Iraq prisoners kept in wire cages

BAGHDAD, 19 Aug—Iraq’s Sunni Arab vice-president promised better treatment for detainees on Saturday and released pictures from inside a Baghdad prison camp that showed hundreds of inmates packed into tented wire-mesh cages.

The rare video pictures from inside an Iraqi prison were released by the office of Sunni Arab Vice-President Tareq al-

Hashemi, who visited the Rusafa Prison compound in eastern Baghdad with his Shiite counterpart.

The footage showed row upon row of outdoor tents made of wire mesh and covered with white plastic sheeting, each about the size of a basketball court and housing dozens of inmates.

Prisoners, some stripped to their waists,

pressed up against the mesh walls and shouted their innocence. Some chanted Saddam-era Iraqi nationalist slogans.

“I have been jailed for two years and have never been put before a judge or court!” shouted one prisoner.

“We are not asking for food or water. Just free us. We have committed no crimes!” said another.

Hashemi told the

prisoners that the authorities were working to speed up their cases.

“We will not accept this injustice. It is a shame on all of us. Be patient,” he said. “All of your cases will be heard.”

At one point he added: “You are lucky to be here. At least you have security. Those outside do not even have security.”

## Abu Ghraib interrogation chief faces court-martial

WASHINGTON, 19 Aug—A court-martial will start Monday for a US Army intelligence officer charged with abuses at Iraq’s Abu Ghraib Prison, where he headed the interrogation centre, the Army said on Saturday.

The trial of Lieutenant-Colonel Steven Jordan will be convened at Fort Meade, Maryland, outside Washington, the

Army said.

Jordan is charged with cruelty and maltreatment of detainees as well as making false statements and obstruction of justice, disobeying a superior officer and failure to obey orders.

The charges stem from violations of the Uniformed Code of Military Justice alleged to have taken place at the Joint Interrogation Debriefing Centre at Abu Ghraib on or about 17 September, 2003 to 19 August, 2004.

A lawyer for Jordan could not immediately be reached for comment.

The court-martial is being convened by the commander, Joint Force Headquarters for the national capital region and US Army Military District of Washington.

An investigation of prisoner abuse at Abu Ghraib carried out by Army Major-General Antonio Taguba in 2004 described Jordan as one of several directly or indirectly responsible.

## Training Course of Border Area National Youth Technical Training School concludes

**Commander Maj-Gen Min Aung Hlaing inspects hostel of Border Area National Youth Technical Training School in Mongla. — MNA**

YANGON, 19 Aug — A concluding ceremony of Training Course No 2 of the Border Area National Youth Technical Training School was held at its hall in Mongla on 17 August morning.

Chairman of Shan State (East) Peace and Development Council Commander of Triangle Region Command Maj-Gen Min Aung Hlaing delivered an address.

Director-General U Than Win of Education and Training Department presented prizes to outstanding trainees and completion certificates to the leaders of the trainees.

The commander and party inspected the workshop and hostels and construction of the mess hall.

A total of 10 trainees attended the basic construction course, seven

at the mechanical course and 10 at the welding course.

All the training courses lasted 24 weeks.

MNA

instructions.

Next, Lt-Gen Kyaw Win and Commander Maj-Gen Aung Than Htut viewed the thriving groundnut plantation of peasant U Tun Kyaw and cordially greeted local peasants and presented cash rewards to members of cultural troupe who performed Shan traditional dances.

Kyaukme Township will extend cultivation of edible oil crops in 2007-2008 and has already cultivated 3,977 acres of monsoon groundnut against the target of 4,102 acres, 252 acres of monsoon sesame against the target of 440 acres and 122 acres of monsoon sunflower against the target of 120 acres. U Tun Kyaw's plantation produces 65 or 70 baskets per acre.

## CNG Filling Station No 028 opens

YANGON, 19 Aug — The opening ceremony of CNG Filling Station No 028 of Myanmar Oil and Gas Enterprise under the Ministry of Energy was held in front of the station on Pawhsanmwe Street in Thuwanna, here, this morning.

It was attended by Chairman of Yangon Division Peace and Development Council Commander of Yangon Command Maj-Gen Hla Htay Win, Minister for Energy Brig-Gen Lun Thi, heads of department, officials, members of social organizations and guests.

First, General Manager U Kyaw Sein of MOGE reported on matters related to the station.

Next, the commander and the minister opened the station and greeted drivers.

Thirty CNG Stations have been opened in Yangon. The CNG filling stations installed with modern equipment were opened one after another to speedily supply CNG to the vehicles.

## CEC member attends AGM 2007 of Thongwa Township USDA

YANGON, 19 Aug — The Annual General Meeting 2007 of Thongwa Township Union Solidarity and Development Association was held at the Township Gymnasium in Thongwa this morning, with an address by CEC member of USDA Minister for Religious Affairs Brig-Gen Thura Myint Maung.

The CEC member, Acting Secretary U Tint Khaing of District USDA and officials presented awards to the outstanding students with flying colours in matriculation exam 2007.

The CEC member accepted K 650,000 from the wellwishers and presented certificates to the donators. Next, the AGM of the township USDA followed. —MNA

## Forestry Minister inspects training school and workshop

NAY PYI TAW, 19 Aug — Minister for Forestry Brig-Gen Thein Aung together with officials inspected production process and sawn timber of No 34 Saw Mill (Pyudwin), here, yesterday.

At No 2 Training School in Nay Pyi Taw Pyinmana, the minister and party heard reports on academic matters of the school presented by Deputy General Manager U Khin Zaw of Myanmar Timber Enterprise and gave necessary instructions. Next, they

encouraged the trainees of refresher course for mechanic-4 and the driving course.

At the main workshop in Nay Pyi Taw Pyinmana, the minister heard reports on functions of the workshop presented by General Manager U Aung San of Myanmar Timber Enterprise and Deputy General Manager U Myint Swe of the workshop and left the necessary instructions.

## Macao expands Asian tourism market to boost diversification

MACAO, 19 Aug — Macao has spared no effort in promoting tourism industry among Asian nations to diversify the city's source markets, an official Press release said Saturday.

The release issued by the Macao Government Tourist Office (MGTO) disclosed that the Southeast Asian market saw a year-on-year growth of 68.92 per cent in the first half of the year.

The majority of the tourists coming to Macao are from the Chinese Mainland and Hong Kong.

Macao has recently opened direct air flights to Asian nations and regions including Singapore, Malaysia, Thailand, the Philippines and Taiwan Province, said the Press release.

The city has been diversifying its tourism products covering sections of culture, convention and exhibition, leisure, entertainment, characteristic cuisine and retail. Manual Costa Antunes, director of the MGTO, was cited as saying by the release.

## “Dead” Indian wife returns, husband held for trafficking

**NEW DELHI, 19 Aug** — A man in an eastern Indian state was arrested for human trafficking after his wife, who he had said died in childbirth, returned home and accused him of selling her off, the *Indo-Asian News Service (IANS)* reported Friday.

Prada Kumari of the Jharkhand State had married Dilip Mahto in 2004 and was pregnant when she went to Punjab in the country’s north in January this year, the news report said.

In April, her husband returned to his native village and told Kumari’s parents that she had died in Punjab in childbirth, it

added.

She returned home Tuesday and alleged that her husband had sold her off.

“My husband had sold me to an affluent family in Punjab. When I wanted to return home, the master of the house told me that my husband had sold me for 100,000 rupees (around 2,470 US

dollars). I tried to overcome my shock and planned to escape. One night, I fled from the house,” *IANS* quoted her as saying.

On the basis of the complaint filed by her parents, police arrested her husband Thursday on counts of forgery and trafficking, it said.

## Suicide bombing kills 15 Afghans, injures 26

**KABUL, 19 Aug** — A suicide car bombing killed four Afghan security employees as well as 11 civilians and injured 26 others in the southern Kandahar Province on Saturday, a local police officer Ahmad Jan told *Xinhua*.

The bombing, which occurred some 15 kilometres west of Kandahar city, the provincial capital, was targeting a convoy transferring logistics for NATO troops, the police officer said.

The convoy was being escorted by the US Protection and Investigations (USPI), a well-established private security company, he added.

Four Afghan employees of the USPI were killed and seven others were injured in the

explosion, Jan said, adding that the blast also killed 11 civilians passing by and injured 19 others.

A *Xinhua* reporter at the site saw two USPI vehicles and one police vehicle were damaged. There was no immediate information about the police casualties.

No one has claimed responsibility, but Taliban militants have frequently carried out similar attacks.

The USPI has been attacked by bombings from time to time in this volatile country.

Kandahar, a hotbed of Taliban militants, has often suffered from suicide bombings over the past years.

Due to rising Taliban violence, over 3,900 persons have been killed in Afghanistan this year.

*MNA/Xinhua*

## Seven killed as mortar bombs rain down on Iraqi town

**BAGHDAD, 19 Aug** — Seven people were killed when a mortar barrage hit the town of Khalis north of Baghdad on Saturday, police said.

An estimated 17 mortar rounds hit the local market, residential areas and a hospital.

Ali Hamid, a sewerage engineer in the religiously mixed town, was in the market when the attack took place.

“It began raining bombs above our head.

People in the market began running. I saw the body of an old woman lying in the street,” he said.

Tens of thousands of Iraqis have been killed in a wave of sectarian violence since the bombing of a revered Shiite shrine in the town of Samarra in February 2006. The US military launched a major offensive against Sunni Islamist al-Qaeda and Shi’ite militias this week.

## Six die in Iranian Army helicopter crash

**TEHERAN, 19 Aug** — An Iranian Army helicopter crashed in bad weather in a mountainous region near northern Iraq, killing six military personnel, Iranian media reported on Saturday.

Five people were injured in the crash, which happened during manoeuvres involving Iran’s elite Revolutionary Guards on Friday, the *ISNA* news agency reported.

Mohammad Hadisar, governor of the northeastern city of Piranshahr, said the helicopter came down while transporting troops and equipment and blamed it on the weather and a

“technical problem”, *ISNA* said.

Another Iranian news agency, *Mehr*, said it crashed during a military operation against the Party of Free Life of Kurdistan (PJAK), an Iranian offshoot of the Kurdistan Workers Party (PKK) which is fighting for Kurdish autonomy in southeastern Turkey.

*Mehr* also said the helicopter crashed because of bad weather and strong winds but added the Armed Forces had inflicted damage against the rebel PJAK during operations in the past few days.

*MNA/Reuters*

## German woman abducted in Kabul

**KABUL, 19 Aug** — Gunmen kidnapped a German woman aid worker on Saturday in the Afghan capital, an Interior Ministry spokesman said, and armed men seized four Afghan engineers in the south of the country.

The woman was seized as she was walking on a street in the southwestern part of Kabul, where some aid groups have offices, spokesman Zemarai Bashary said.

He refused to identify the abductors, saying it would jeopardize police efforts, but added police were targeting locations where the woman was

suspected of being held.

Earlier in the day, armed men seized four engineers in the southern province of Kandahar, provincial police said. Tribal elders of the area have promised to secure the release of the engineers, they said.

The motive behind the abduction of the German woman was not clear, the Interior Ministry spokesman said.

Several foreigners have been kidnapped in recent years in Kabul, mostly by criminal gangs, but have been released unharmed apparently after ransom payments.

**US professor found guilty of staging own shooting**

CAMBRIDGE (Massachusetts), 19 Aug — A judge on Friday found a former professor at the elite Massachusetts Institute of Technology guilty of shooting himself and trying to shift blame to his son as part of a long-running family feud.

The case revolved around a night in December 2005 when John J Donovan, who taught business for three decades at the famed US Science and Technology University, called police to allege that two men with Russian accents had shot him as he sat in his minivan.

As police investigated the case, they found some evidence that seemed to contradict that claim.

Donovan, who had a bullet wound in his side when police found him, said he survived the attack because a large metal belt buckle had deflected some of the shots. The belt bore bullet marks but a doctor who examined him did not find injuries that would have been expected if Donovan been wearing it while it was hit, prose-

cutors said.

“We take these allegations and go where the facts lead us,” state Attorney General Martha Coakley said.

Donovan, now 65, was found guilty of filing a false police report.

He had pleaded innocent and denied shooting himself.

Prosecutors said he shot himself and planned to pin the attack on his oldest son, James Donovan. The Donovan family has been entangled in a dispute over real estate for years.

Middlesex Superior Court Judge Kenneth Fishman ordered the elder Donovan to serve two years’ probation, stay away from his children and pay a 500-US-dollar fine. Through a spokesman, Donovan said he

was “dis-appointed and surprised” and he planned to appeal.

**High-price insurgents arrested in southern Thailand**

BANGKOK, 19 Aug — About 200 security forces raided a village in Thai southern Songkhla Province and arrested six insurgents, including an insurgent leader, local police said Saturday.

Niloh Arsae, one of the leaders of Thai southern insurgents and whose head is wanted by the government for a 500,000-baht price, was arrested together with five other main militants in a village in Saba Yoi District of Songkhla on Friday night, local police source was quoted by the

Bangkok Post’s webnews as saying.

The security forces have surrounded the Thung Por Village since early Thursday, the report said.

Police and soldiers also confiscated several guns, maps identifying bomb locations, documents rousing local villagers, equipments to make road spikes and mobile phones from the scene.

In nearby Yala Province, police and soldiers exchanged gunfire with insurgents for 15 minutes when they raided Ta Loh Sumae Village in Krong Pinang District. Authorities killed one militant and arrested four others from the scene.

**Tropical storm kills eight in Texas**

WASHINGTON, 8 Aug — At least eight deaths in southern US state of Texas were blamed on tropical storm Erin which has brought at least 6 inches (15 centimetres) of rain to the state since Thursday.

One person was killed and another was hurt when a waterlogged roof collapsed at a Houston grocery store when Erin hit Texas Thursday, the Texas-based KPRC-TV reported on Friday.

In San Antonio, at least four deaths

were blamed on Erin on the same day.

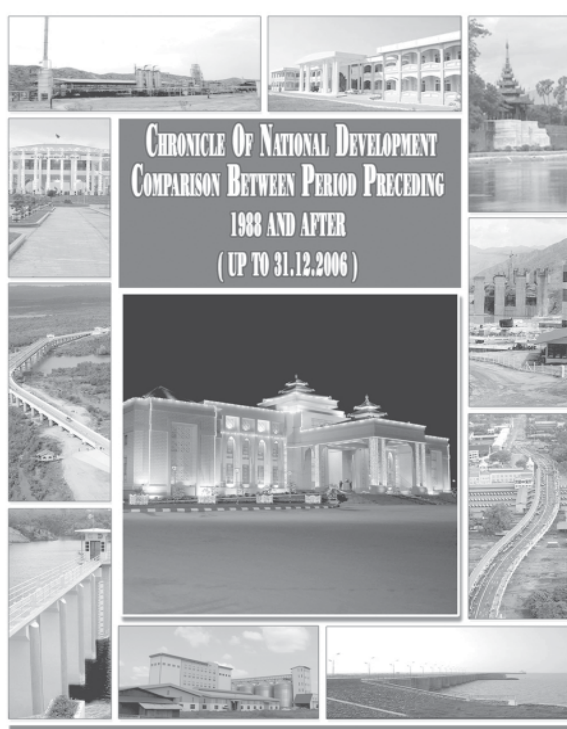

The storm was also blamed on a multi-vehicle crash in Comal County that left three people dead and one person critically injured on Thursday.

Even as they fetched dozens of drivers stranded by high water, authorities in Houston and San Antonio looked over their shoulders at Hurricane Dean, which is building up in the Atlantic as it neared islands in the eastern Caribbean.

MNA/Xinhua

**Villagers fight off animals in flood-hit S Asia**

PATNA (India), 18 Aug — Flood victims fought off hungry animals and battled waterborne diseases in South Asia on Thursday as unrelenting monsoon rains caused fresh flooding in the region, already battered by weeks of bad weather.

The death toll in eastern India alone rose by over 100 in the past week with thousands more marooned or made homeless as bloated rivers burst mud

embankments.

Authorities across South Asia—where around 850 people have drowned, been crushed by landslides or died from snakebite and waterborne infections since mid-July — said they were struggling to help millions of victims.

For some in the impoverished Indian state of Bihar, it is a struggle for survival as jackals and monkeys have attacked dozens of villagers over the past few days.

“Wild animals like jackals and monkeys are biting our wives and children and snatching bread from their hands,” said Lalan Raut from the flood-hit Madhubani District.

“They are on a looting

spree and are killing our goats and small rabbits.”

Residents said the wild animals faced a shortage of prey since huge areas of the state were under water.

Doctors said they had reports of at least 60 cases of animals attacking villagers.

“We are rushing anti-rabies vaccines to every district,” said Biltu Paswan, a senior government doctor.

All schools and colleges were shut in the capital Patna as flood waters swamped low-lying areas and entered buildings.

Many in the densely populated state of 90 million have complained of poor aid efforts. On Thursday, villagers demanding more food

clashed with police in some places, officials said.

In the neighbouring state of West Bengal, heavy rains flooded villages in three districts this week, forcing more than 25,000 people out of their homes.

A bridge collapsed in the state's Birbhum District, and many trains were cancelled or diverted across the region.

A weather official said more rains were forecast for eastern India because of a storm over West Bengal.

Further north, in the Himalayan State of Himachal Pradesh, around 60 people are believed to have died after a cloudburst caused a landslide that buried an entire village on Tuesday. — MNA/Reuters

**Two die in Zimbabwe sugar stampede**

HARARE, 18 Aug — A 15-year-old boy and a security guard died in a stampede by shoppers desperate to buy sugar in Zimbabwe's second largest city Bulawayo, a police spokesman said on Thursday.

The security guard was manning the entrance to a shopping complex when a pillar collapsed under pressure from the shoppers and fell on him.

Both the boy's legs and one arm were fractured, and he died in hospital, police spokesman David Nyathi said.

Sugar and other basic goods such as bread, meat, and milk have been in short supply since President Robert Mugabe ordered shops to halve prices in June following rampant inflation.

The price move, accompanied by a police crackdown on businesses which failed to cut prices, triggered frenzied buying and long queues for goods when they become available.

A state-owned newspaper reported that several people were injured in Bulawayo

before police were called to allow the orderly sale of the sugar.

Zimbabwe, once a regional breadbasket, is in the grips of an economic crisis. Its official inflation rate of 4,500 per cent in May is the highest in the world.

Critics blame the economic crisis on Mugabe's controversial policies, such as his drive to forcibly take land from White commercial farmers to give to landless Blacks in a bid to redress colonial land imbalances.

## WHO releases new guidance on insecticide-treated mosquito nets

GENEVA, 18 Aug — The World Health Organization (WHO) on Thursday issued new global guidance for the use of insecticide-treated mosquito nets to protect people from malaria.

According to the new guidance, long-lasting insecticidal mosquito nets should be distributed either free or highly subsidized and used by all community members in poor

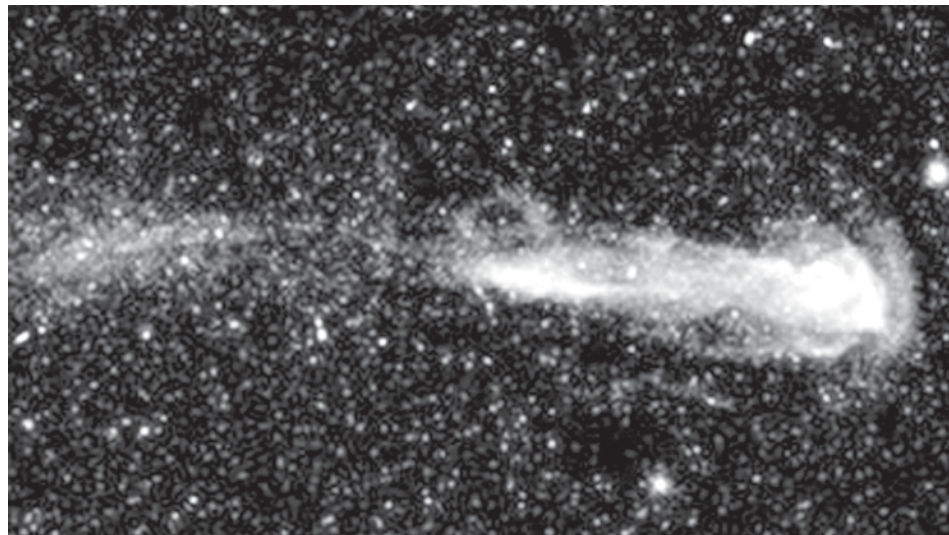

countries as a way to deal with malaria which still kills ONE million people each year.

Previously, WHO's guidelines focused primarily on providing insecticide-treated mosquito nets for use by children under five years old and pregnant women.

However, recent studies have shown that by expanding the use of these nets to all people in

targeted areas, increased coverage and enhanced protection of vulnerable groups can be achieved, while protecting all community members, said the United Nations agency in a statement.

With the cost of five US dollars each, insecticide-treated nets are mosquito nets treated with insecticides which repel, disable or kill the vector mosquitoes which transmit malaria.— MNA/Xinhua

## UCLA becomes home to southern California's first Confucius Institute

LOS ANGELES, 18 Aug — The University of California in Los Angeles (UCLA) on Thursday became home to southern California's first and only Confucius Institute, one of dozens of similar institutes in the United States and across the world that are designed to foster an understanding of Chinese culture and language.

"Given the strategic location of Los Angeles and the breadth of China-related programmes at UCLA, we see the creation of a Confucius Institute here as an irresistible opportunity to offer ways to fill a real need to promote learning and understanding between the two countries," UCLA's assistant provost Unruh said at the institute's opening ceremony.

Unruh, who aided the development of the institute on UCLA's Westwood campus, said the institute will build upon and enhance the strengths of existing activities in and around the southern California region, where Chinese culture and community are abundant and commercial ties to China are increasing.

Scott Waugh, UCLA's acting executive vice-

chancellor who oversaw the creation of the institute on the campus, said that UCLA is an ideal place for the institute.

"We have a real stake at UCLA in this kind of work," he said. "The Confucius Institute will help bring people together around the issue of language training."

The UCLA-based institute will work with its regional partners to support Chinese-language education in K-12 public schools, including teacher certification, and to promote cultural and arts programming in the region, officials said.

## Astronomers find bizarre comet-like tail behind star

LONDON, 18 Aug — Astronomers have discovered a glowing, comet-like tail trailing behind a double star called Mira, a phenomenon never seen before.

US astronomers have discovered the long tail, which is visible only in far ultraviolet light, according to a report on the science magazine *Nature* on Thursday. The astronomers led by Christopher Martin of Caltech in Pasadena, California, US happened upon it using NASA's *Galaxy Evolution Explorer* satellite, which was surveying the sky at ultraviolet wavelengths, the report said.

The tail extends 13 light years from Mira, which

meaning "wonderful" in Latin is one of the best-studied star systems in the sky and lies 350 light years from Earth. It appears to trace the path of Mira's motion across the sky over the past 30,000 years, based on its size and Mira's speed, which has been previously measured.

One star in the pair, called Mira A, is a bloated, aging red giant that sheds large amounts of gas and dust into space, while the other, Mira B, is a dense stellar corpse called a white dwarf. The team believes the tail is created as a result of Mira A's stellar wind, an outflow of gas and dust from the star, which hits ambient gas as it moves through space.— MNA/Xinhua

## White-tailed eagle takes flight in Ireland

DUBLIN, 18 Aug — An eagle that disappeared from Ireland more than 100 years ago took flight again on Thursday as part of a scheme to reintroduce native birds of prey to the country.

Ireland's Environment Minister released six young White-tailed eagles, one of the world's largest birds of prey, into a national park in the southwestern county of Kerry. "These eagles had pride of place in the

cultural and natural heritage of Ireland for hundreds of years but due to trapping and shooting in the 19th and early 20th centuries they became extinct," Minister John Gormley said.

The eagle chicks came from Norway and were flown into Kerry in June. Some 15 chicks will be brought into the region annually over the next five years as part of the reintroduction.

## Ribery, Toni help Bayern crush Werder

BERLIN, 19 Aug — Newcomers Franck Ribery and Luca Toni were on target to help Bayern Munich to a brilliant 4-0 win at Werder Bremen in the Bundesliga on Saturday. Bayern took the lead in the 31st minute when French international Ribery chipped in a penalty following a foul on Toni.

The Italian striker added the second six minutes into the second half, Hamit Altintop swept in the third and Andreas Ottl struck from long range to wrap up another comprehensive victory and make it six points from two games for Bayern.

Schalke 04 got their first win of the season with a 4-1 triumph at home to Borussia Dortmund in the big Ruhr Valley derby.

Champions VfB Stuttgart, who drew with Schalke last weekend, are still waiting for their first victory after going down 3-1 at Hertha Berlin.

Bayern lead the table as the only team with maximum points, although Hamburg SV could join them if they win at home to Bayer Leverkusen on Sunday. Schalke are second with four points, while Werder and Stuttgart have just a point apiece.

Ribery and Toni were part of a 70-million-euro (94.14-million-US-dollar) rebuilding programme at Bayern after they finished only fourth last season.

After a 3-0 win at home to Hansa Rostock on the opening weekend, the trip to face Werder was their first serious test.—MNA/Reuters

## Quaresma brace secures opening win for champions Porto

LISBON, 19 Aug — Winger Ricardo Quaresma scored twice when Porto began their defence of their Portuguese Premier League title with a 2-1 win at Braga on Saturday.

Quaresma opened the scoring with a superb 25-metre free kick after 33 minutes.

Veteran midfielder Joao Pinto, who celebrates his 36th birthday on Sunday, equalized for Braga just minutes after the break, firing home a cross from the left hand side.

Four minutes from time, the versatile Quaresma curled a free kick into the left corner to clinch victory for the champions.

Benfica opened their campaign with an embarrassing 1-1 draw at newly-promoted Leixoes.

The Lisbon side took the lead in the 90th minute through captain Petit who headed home a corner from the right.

Nigerian midfielder Nyoko scored the equalizer for Leixoes in stoppage time after a goalmouth scramble.

## Man City 1-0 Man Utd: Geovanni sends City top

LONDON, 19 Aug — After spending half a decade pinching his players, Sven-Goran Eriksson calmly collected three points from Sir Alex Ferguson's pocket at Eastlands as Manchester United's miserable start to the season continued with a 1-0 derby defeat.

Even the normally ice-cool Swede allowed himself an extra smile of satisfaction at the result of a perfect smash-and-grab raid which maintained City's 100% start.

Brazilian import Geovanni was the Blues' matchwinner, his rasping 31st-minute effort flying in off Nemanja Vidic.

## Federer into Cincinnati final after Hewitt test

CINCINNATI, 19 Aug — World number one Roger Federer battled back from a break down in the final set to fend off a rejuvenated Lleyton Hewitt 6-3, 6-7, 7-6 on Saturday to reach the final of the Cincinnati Masters.

Australian Hewitt saved three match points, including one in the second-set tiebreak, but Federer roared back from 3-2 down in the third set to set up a clash with fifth seed Nikolay Davydenko or American ninth seed James Blake.

Federer had won the last 10 meetings between the two and despite a misfiring forehand in the early stages, the Swiss looked on course for a straightforward win when he eased through the first set.

## Vahirua double sends Lorient top of Ligue 1

PARIS, 19 Aug — A Marama Vahirua double handed Lorient a 2-1 win over six-times champions Olympique Lyon on Saturday and elevated them to the top of the Ligue 1 standings.

Striker Vahirua, who had netted twice in his side's 3-1 victory at Paris St. Germain earlier in the week, opened the scoring after 14 minutes with a perfect volley.

Lyon, who have now lost their last two league games following last weekend's 1-0 defeat at Toulouse, hit back through France striker Karim Benzema, who lobbed Fabien Audard on 32 minutes.

However, Vahirua struck the winner 20 minutes into the second half from a Nicolas Marin cross.

### Uganda's oldest chimpanzee celebrates 43rd birthday

KAMPALA, 19 Aug—Uganda's oldest captive chimpanzee has a big birthday party to celebrate his 43 years with a banana cake surrounded by hundreds of visitors.

The party, which had been delayed for two weeks to teach him table manners and how to cut the cake, held on Wednesday in Ugandan Wildlife Education Centre, state-owned *New Vision* reported on Thursday.

Zakayo, who was taken into captivity after being attacked by poachers, lifted his heavy body and

walked slowly towards the fence where his cake was being held out for him, only to squat down and ignore all calls from his minders to perform his act and grab it with his hands.

The 67-kilometre alpha male was brought into captivity in 1972 after his group was attacked by poachers in Uganda's southwest. When he first

arrived at the centre, which at the time was the Entebbe Zoo, he was housed in a small cage along with four other chimps and visitors were able to offer him cigarettes and alcohol.

This changed when Entebbe Zoo became the Uganda Wildlife Education Centre, a voluntary organization that rescues animals orphaned or

confiscated by poachers.

A new home was built for the chimpanzee group on Budongo Island and they now live together happily in a semi-wild setting.

According to Emma Masaba, the marketing manager at the centre, Zakayo is very protective and has adopted several younger chimps.

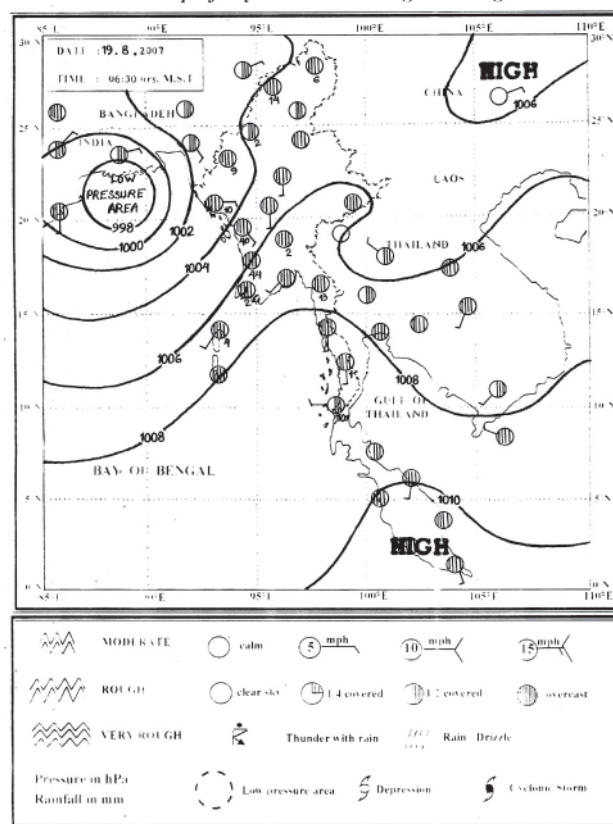

Zakayo spends most of his time resting, grooming or being groomed by his two wives, Amina and Ruth.

His favourite food is eggplants, tangerines and jackfruit.

The chimpanzee family eats four times a day. They are served a variety of fruits, nuts, eggs, vegetables, millet porridge and posho.

## Cash and kind donated to monasteries, nunneries in Dagon, Yankin Townships

*Lt-Gen Myint Swe and the congregation share merits gained at cash and kind donation ceremony of families of Defence Services (Army, Navy and Air) and wellwishers in Yankin Township. — MNA*

YANGON, 19 Aug — A ceremony to donate cash and kind to Dagon Pariyatti, Dekkhinayon and Kyargu monasteries was held at Kyargu Dhamma Beikman of Kyargu Monastery on Shwedagon Pagoda Road in Dagon Township this afternoon.

Lt-Gen Myint Swe of the Ministry of Defence offered robes and provisions to Chairman of Dagon Township Sangha Nayaka Committee Kaba Aye Monastery Sayadaw Bhaddanta Revata. Chairman of Yangon Division Peace and Development Council Commander of Yangon Command Maj-Gen Hla Htay Win, Vice-Mayor Col Maung Pa and senior military officers donated robes and alms to members of the Sangha.

Three senior

military officers presented rice, edible oil and gram donated by families of Defence Services (Army, Navy and Air) to the Sayadaw. The commander offered rice donated by Yangon Division PDC to the Sayadaw.

Lt-Gen Myint Swe, the commander, the vice-mayor and senior military officers accepted donations from the wellwishers and presented certificates of honour to them.

Today's donation to the monasteries totalled 61 bags of rice, 118 viss of edible oil, 39 viss of gram, 197 viss of iodized salt, 40 tubes of toothpaste, 2,812 bottles of traditional medicines and K 5,773,000.

A similar ceremony was held at Maha Bawdi Pariyatti Monastery on Mogaung Road in

Yankin Township this afternoon to donate cash and kind to nine monasteries and two nunneries in Yankin Township.

Lt-Gen Myint Swe donated robes and alms to Vice-Chairman of State Sangha Maha Nayaka Committee Kyaikpi Sayadaw Agga Maha Pandita Agga Maha Saddhamma Jotikadhaja Bhaddanta Gunesana.

The vice-mayor, senior military officers and officials presented robes and alms to members of the Sangha. Three senior military officers offered provisions donated by families of Defence Services (Army, Navy and Air) to the Sayadaw.

Wellwishers also donated offertories to the Sayadaw.

Lt-Gen Myint Swe, the vice-mayor,

senior military officers and officials accepted donations from wellwishers and presented certificates of honour to them.

Today's donations to monasteries and nunneries in Yankin Township totalled 305 bags of rice, 912 viss of edible oil, 304 viss of

gram, 1,520 viss of iodized salt, 304 tubes of toothpaste, 1,048 bottles of traditional medicine and K 4,327,000.

## 112 members quit Labutta Township NLD

### Party leaders committing destructive acts with grudges

YANGON, 19 Aug — A total of 112 members including U Ohn Shwe, U Aung Shein, U Hla Tint, Daw Chaw Sein, Daw Khin Pyone, U Than Htay, U Myint Thein, U Thein Shwe, Daw Ohn Shwe and U Khin Win of Labutta Township National League for Democracy of Ayeyawady Division resigned from the party of their own volition on 10 August, sending letters of resignation to the NLD (Headquarters) and local authorities.

In their letters sent to Labutta Township Multi-party Democracy General Election Subcommittee, they said that they joined the party with the belief that the NLD will be a reliable one for the nation and the people. However, the party leaders are committing destructive acts only with grudges, but not serving the interests of the nation and the people. That is why they resigned from the party of their own accord, they said.
